Welcome

No matter where you find yourself in Newfoundland and Labrador, you’ll feel so very, very far away. This place does that to you. It sweeps you off your feet and keeps you there for as long as you want. The land itself is like no other – cliffs and barrens, bights and guts; around every corner there’s the unexpected. We hope you make the most of this wild and wonderful place, and your journey is as surprising and intriguing as you want it to be.
Find your way.
How to Plan Your Trip

This guide will be your information source to help plan your visit and assist you during your stay. There may be times when you truly want to get lost in this land, but to help you find your way, we have divided the guide into five geographic regions (page 9).

Do-it-yourself travel
You’ll find the regions colour-coded for easy identification. Within each of the five regions you’ll find a brief overview and the following sections: Sample Itinerary, Best Kept Secrets, Road Trips, Accommodations, Attractions & Adventures, Festivals & Events, and Shops & Galleries. A grid-referenced map and index accompanies each region, which allows you to search for things to do or places to go in four different ways: by map coordinate, by category of activity, by driving route, and by community.

Every effort has been made to verify the contents of this guide prior to printing. However, travellers are encouraged to check for additional updates on NewfoundlandLabrador.com and confirm details with individual operators prior to and during travel.

Package tours
Interested in visiting Newfoundland and Labrador but don’t want to worry about the details? Then a package tour is just right for you. Contact one of the tour operators listed on page 440 to start planning your vacation.
Getting from place to place
With over 400,000 square kilometres of land, you never know where you might find yourself. Be sure to check out the distance charts on page 435 to allow for plenty of time to explore. For a more extensive distance guide, go to NewfoundlandLabrador.com/Getting-Here-and-Around/Driving-Distances

Things to know before you go
At the back of the guide, on pages 426-439, you'll find all the information you'll need to know on how to get here, as well as language, weather, time zone, and other practical stuff.

There's much more online
Our official tourism website, NewfoundlandLabrador.com, is packed with vacation ideas, photos, and an interactive itinerary planner. You’ll also find a searchable database of accommodations, attractions, tours and adventures, festivals and events, and shops and galleries.

Driving Tips

Signage
With over 29,000 kilometres of pristine, rugged coastline, there's plenty of room to find yourself – or lose yourself for that matter. But when you have a specific destination in mind, you need to know how to get there. The province has developed a new signage system to help you find your way. We are phasing in Tourist-Oriented Directional Signage – an internationally-recognized system based on well-known symbols. With this guidance, travellers will be able to arrive at their favourite attractions with ease.

Book your vehicle ahead
Whether you’re here for fresh air, colourful houses, or something more intangible, the last thing you want to be searching for is something to drive. Which is why it's a good idea to make car rental reservations before you travel. While this place certainly is off the beaten path, lots of people want to get lost and found at the very same time as you. Besides, booking ahead means you get to travel when you want, exactly how you want. And what could be better than that?

Symbols and Codes
Please refer to page 480 for information on symbols and codes. There you’ll find a chart that explains what each symbol means. For example, accommodations listed with this symbol (🚀) warmly welcome both guests and their pets. For other useful trip planning services, keep an eye out for the following symbols.

Tourism Assurance Plan (TAP)
All businesses listed in this guide meet common minimum standards established by the tourism industry. For more information, visit the Hospitality Newfoundland and Labrador website: bit.ly/2LvRr3f

Clean It Right is a new training program that provides awareness and education on cleaning best practices for tourism, hospitality, and retail businesses in Newfoundland and Labrador.

Please look for the Clean It Right Certified window decal which indicates that the business has trained its staff in enhanced cleaning techniques designed to increase the safety of both staff and guests and is committed to providing travellers with a clean and safe experience.
Accommodations and Campground Rates
Rates are set by the operators in response to market conditions. Government does not set rates, but all operators must file their rates with the government. Unless otherwise specified, the rates quoted in this guide do not include taxes and are accurate at the time of printing; the most up-to-date information is available at NewfoundlandLabrador.com.

The Tourism Industry Association of Newfoundland and Labrador is a professional association representing individuals and businesses involved both directly and indirectly in our provincial tourism industry (hnl.ca). Please look for the Hospitality Newfoundland and Labrador designation ( yanlış) next to the members listed throughout this travel guide. They know what good service is – they set the standard.

While travelling, keep an eye out for public wi-fi stickers – these indicate locations where free wireless internet access is available. Access is also offered at many accommodations throughout the province (see listings), at all provincial Visitor Information Centres, and at all Marine Atlantic terminals, including on board the three ferries. Internet access can also be found at all provincial libraries (nlpl.ca) and at the airport terminals in Gander, St. John’s, and Deer Lake. Asking for directions has never been more meaningful. Our provincially operated Visitor Information Centres (VICs) always help curious travellers find their way.

Drop in and speak with one of our knowledgeable and experienced Travel Counsellors to get the inside scoop on local festivals and events, where to find hidden gems, and learn locally-known truths about the region’s history. Have a chat, share a laugh, and receive something that goes beyond the brochure – free personalized trip counselling that suits your schedule.

A Visitor Information Centre is the perfect rest stop, complete with regularly cleaned washrooms, spacious picnic areas, and free wi-fi. Take the opportunity to browse the extensive collection of travel brochures and other materials available from a variety of tourism operators.

Best of all, our friendly staff will be glad to make reservations for accommodations, guided tours, or other attractions on your behalf – all you have to do is ask.

Look for these symbols on the Traveller’s Map to find the nearest VIC.

Is it possible to feel lost and found at the same time?

“The traveller sees what he sees. The tourist sees what he has come to see.”

– G.K. Chesterton

Some might argue Mr. Chesterton was just being overly fussy – that this is a distinction without a difference. Those people aren’t travellers.

You see, tourists know what they are looking for long before they know what’s really here. A knowable, containable, and packageable experience. But these are mere parts of the puzzle. A traveller, on the other hand, seeks the truth of a place, the essence that can only be appreciated by seeing the puzzle as a whole.

Wildlife? Check. History? Of course. Amazing vistas? In spades. And culture? We speak more dialects of English than the English do. This is a place where turquoise and lime green houses make amiable neighbours on steep city streets and in snug little harbours. Where fresh air ripples freely through tiny gardens and sprawling barrens, finding its way to open windows. Bringing with it a renewed sense of possibility as sweet as the air itself.

But these are only elements of what makes this place truly unforgettable. And therein lies the magic of this mysterious land. To find what you are looking for, you must first be willing to let go of expectations, to really lose yourself. And then, there you will be. Lost. And found.
With 35 million seabirds this close, binoculars are optional.

With over 350 species of birds, it’s no surprise that Newfoundland and Labrador is a major birdwatching destination. In fact, this place is known as the Seabird Capital of North America. Wherever you turn, you’ll have plenty of chances to get up close and personal with over 35 million seabirds, including 25,000 gannets, 500,000 puffins, and 7 million storm petrels. So close, you can leave your binoculars at home. Umbrellas, however, may be required.
Best Ways to Watch

During the spring and summer, you’ll discover great birdwatching experiences around every corner. Find must-see bird gathering spots while kayaking, hiking, enjoying a boat tour, or a leisurely drive.

Trinity

When you think about it, it makes sense that Newfoundland and Labrador is the destination of choice for the world’s largest concentration of humpback whales. After all, this place is home to 29,000 kilometres of dramatic coastline that provide plenty of snacks for our aquatic visitors.

Every summer, from May to August, you can catch 22 different species of whales frolicking in the ocean, breaching the surface and spouting near the shore. The best part? No matter how many you see, each one still seems larger than life.

Every year 10,000 whales get front row seats to go people watching.

How to Watch
You can experience these majestic animals from the rail of a tour boat, the seat of your kayak, or while hiking along a coastal trail.

The Tablelands

Outdoor adventure, one trail at a time.

With over 200 hiking and walking trails to explore, you can quite literally spend your entire journey on your feet. The East Coast Trail and the International Appalachian Trail headline the 200 hiking and walking trails that lead to stunning views of whales, icebergs, and long stretches of unspoiled nature and wilderness. Not to mention an abundance of breathing room.

When you’re hiking in a place that’s off the beaten path, you never know what you’ll find. It might even be yourself.

Choose Your Adventure

Whether you’re looking for a casual stroll or a challenging trek, you’ll find many trails to choose from. The East Coast Trail offers a wide variety, including an easy path to the abandoned fishing village of La Manche. In Twillingate, the moderately difficult, 4.8-km hike along Lower Little Harbour Trail takes you to a resettled community and a 30-foot natural arch. The slightly more challenging Skerwink Trail in Trinity East leads to sea stacks and rugged coastline. And for an extreme experience, Labrador’s Torngat Mountains National Park boasts 9,700 square kilometres of untouched wilderness and some of the highest mountains in eastern North America.

Major Trail Networks

Here, you’ll find plenty of trails to explore. The International Appalachian Trail extends from Port aux Basques to Crow Head, and the East Coast Trail links 32 historic communities throughout the Avalon.
10,000 years later, they find their way to Iceberg Alley. We don’t suggest you wait that long.

When it comes to icebergs, there’s no better place to catch a glimpse than right here. Oftentimes during spring and summer, thousands of frozen giants drift past our shores in search of inlets, coves, and bays. Carved from 10,000-year-old glaciers, they come in all shapes and sizes. You’ll find them making their way, entirely at their leisure, down an ancient path called Iceberg Alley. Careful never to stay in one place too long, their presence creates an ever-changing landscape. One you won’t want to miss. There’s no shortage of reasons to celebrate, perhaps just a shortage of time.

While this place is always chock-full of reasons to have fun, you’ll find this is especially true during the summer months. It’s a time when everyone comes together to share a laugh, sample fresh local cuisine, and get swept away by lively local music.

There are hundreds of diverse festivals and events that embrace everything from film, dance, and music, to blueberries, squid, and mussel beds. Whatever the reason, there are tons of ways to celebrate the unique culture and heritage of this place while you meet new friends, or get reacquainted with old ones.

Coast-to-Coast Entertainment
When the sun goes down, this place goes up. In Trinity, Gander, Grand Falls-Windsor, Stephenville, and Grand Bank, our thespians tread the boards in productions ranging from comedy and Shakespeare to Broadway and stories that are all our own. In Gros Morne National Park, take in a lively literary festival, plus theatrical performances and music. Corner Brook also offers a range of music and theatre. Twillingate is always rollicking with dinner theatre, as is Ferryland, where there’s a wee bit of Irish wit and devilment on display. Visit L’Anse aux Meadows National Historic Site and experience the exciting Viking re-enactments. St. John’s has music, dance, film, ghost walks, and yarns. From Bay Roberts to Clarenville to Happy Valley-Goose Bay, keep an eye and an ear out for local talent and a good time.

Best Excuses to Celebrate
1. Gros Morne Theatre Festival (May 1–Sep 30, Cow Head)
2. Triton Caplin Cod Festival (Aug 2–8, Triton)
3. Champney’s West Days (Jun 8–Aug 8, Champney’s West)
4. Outport Shed Experiences at Coastal Cottages (Apr 1–Oct 31, Blackhead)
5. Bites of Basque History (Jul 1–Aug 31, Red Bay)
You’d be a great storyteller too, if you had thousands of years of practice.

Out here, you’ll find history around every corner. In fact, there isn’t a rock, cliff, or cave without a story attached. Take the Vikings, for example, our first European settlers. They landed at L’Anse aux Meadows a thousand years ago. And then there’s John Cabot. He dropped anchor in Bonavista back in 1497 and declared it the New World.

Tales of our past visitors are all around, and some of the best places to discover them are the 9 national historic sites, 13 provincial historic sites, 4 UNESCO world heritage sites, and 150 community museums you’ll find here. Chances are, you’ll uncover a few stories of your own along the way.
Seven Places to Forget About Modern Life

1. Battle Harbour National Historic Site (p. 416)
2. Red Bay National Historic Site (p. 416)
3. L’Anse aux Meadows National Historic Site (p. 117)
4. The Commissariat Provincial Historic Site (p. 351)
5. Beothuk Interpretation Centre Provincial Historic Site (p. 197)
6. Mockbeggar Plantation Provincial Historic Site (p. 272)
7. Mistaken Point Ecological Reserve (p. 360)
It’s not our nature to tell people what to do. But we have a few suggestions.

There’s no better way to soak in the culture of Newfoundland and Labrador than through authentic encounters and hands-on learning. The Canadian Signature Experiences collection encompasses the kind of adventures that lead to a true understanding of the living, breathing, culture and traditions that exist in every corner of our province.

These once-in-a-lifetime adventures have been hand-selected, and represent just a portion of the amazing experiences you can have while you’re here.
Eleven Signature Experiences

1. Picnic by the sea with Lighthouse Picnics (p. 360)
2. Learn the Viking story at L’Anse aux Meadows (p. 117)
3. Cruise into nature with Iceberg Man Tours (p. 198)
4. Experience the wonder of Iceberg Quest Ocean Tours (p. 198, 353)
5. Explore ancient lands from Torngat Mountains Basecamp (p. 418)
6. See majestic mountains and fjords with BonTours (p. 111, 112)
7. Marvel at architecture on the edge at Fogo Island Inn (p. 179)
8. Live a lightkeeper’s life on Iceberg Alley with Linkum Tours (p. 92)
9. Eco-Cultural Experience with CapeRace Newfoundland Adventures (p. 440)
10. Step back in time on the island of Battle Harbour (p. 416)
11. Close Encounter Ocean Safari with Ocean Quest (p. 354)
Let someone else worry about the details.

Making your own way is sometimes exactly what’s called for, especially if you’re interested in finding – or losing – yourself along the way. But if you’d rather travel here without having to worry about the details, there are many package tours to bring you to Newfoundland and Labrador.

If you’re looking for a group motorcoach tour, an all-inclusive fly-drive holiday, or a cruise vacation, you’ll find something to suit your interests. The best thing to do is call a Newfoundland and Labrador tour operator. Many of their packages can be tailored for you, whether it’s watching whales chase icebergs from your kayak, biking the Irish Loop, walking or hiking the coastal trails, or just relaxing in a spa by the sea. See page 440 for more information on these tour operators.

DAY 1 – Explore Humber Valley
Try ziplining in Steady Brook, which isn’t too far from Deer Lake Airport. Then explore the fascinating caves near Corner Brook. Finish off the day with a delicious lobster dinner.

DAY 2 – A Day in Gros Morne National Park
Take a 45-minute stroll over a boardwalk, then a boat tour through a breathtaking fjord with huge cliffs and cascading waterfalls. Check out the sand dunes and experience live theatre at Cow Head.

DAY 3 – Centuries of Human History
Explore the crossroads at Port au Choix National Historic Site, occupied by Indigenous peoples 6,000 years before Europeans arrived. Walk one of the nearby hiking trails.

DAY 4 – Voyage to Southern Labrador
Catch the ferry to Labrador and watch for sooty shearwater birds on the way. Climb Atlantic Canada’s tallest lighthouse, then visit Red Bay where the Basques hunted whales centuries ago.

DAY 5 – Back in Time on the Viking Trail
Visit the famous Viking site at L’Anse aux Meadows, and then head out to Norstead, a re-creation of an 11th-century Viking port. Stay at one of the unique B&Bs in the area.

DAY 6 – Picnic at Arches Provincial Park
Stop at the Arches on your return south, and marvel at the rock formations that were once underwater. Learn about the lives of the Mudge Family and of inshore fishermen at Broom Point.

12 Days of Adventure, Coast to Coast.

DAY 7 – Adventures in Exploits Valley
Go river rafting on the Exploits in the morning and explore the Beothuk cultural displays in Boyd’s Cove. After, learn how to split a codfish in Twillingate.

DAY 8 – Icebergs of Twillingate
Take a boat tour and discover that icebergs are not only white, but green, blue, and grey. Cool your drinks with a chunk of iceberg ice, and keep an eye out for frolicking whales swimming by.

DAY 9 – Explore Terra Nova National Park
Try sea kayaking and keep a lookout for swooping bald eagles diving for fish. Next, take a short hike along the scenic coastline.

DAY 10 – Walk the Discovery Trail
Enjoy a hike along the Skerwink Trail and check out the sea stack formations. The pretty and historic town of Trinity is home to Rising Tide Theatre, as well as lots of great places to stay.

DAY 11 – Discover the Baccalieu Coastal Drive
Look for the faeries that are rumoured to inhabit Canada’s first English settlement at Cupids. Stop by the Boat Building Museum in Winterton before learning about the first transatlantic telegraph cable in Heart’s Content.

DAY 12 – Excitement in St. John’s
Go on a whale-watching cruise in Bay Bulls, then spend the night in St. John’s and enjoy the city’s nightlife. This place really goes up when the sun goes down.

West by Nature
Our version of western medicine.

With ancient mountains, fjords, and thousands of miles of coastline, this wild and rugged region sports abundant breathing room and diverse natural heritage, not to mention a pair of UNESCO World Heritage Sites. The first, spanning 1,805 square kilometres, is Gros Morne National Park. It boasts more than 100 kilometres of hiking trails, many passing through the towering Long Range Mountains and the unique Tablelands. The other, L’Anse aux Meadows National Historic Site, the first European settlement of the New World, features a reconstructed Viking village that offers a glimpse into the life of Nordic visitors a thousand years ago.

For a truly out-of-this-world experience, the International Appalachian Trail is a can’t-miss. The trail stretches from Mount Katahdin, Maine, through eastern Canada and across western Newfoundland and Labrador before extending into Europe.

Western Newfoundland also boasts conservation areas like the Codroy Valley International Wetlands, where you can watch wildlife like moose, caribou, and migratory birds. While this region may seem larger than life, there are plenty of ways to take it all in. Spend a day hiking or kayaking around the coast. Looking to relax? Kick back on one of the many secluded sandy beaches.
Western is full of stunning terrains and fascinating history with two UNESCO World Heritage Sites. Stand where the Vikings stood over 1,000 years ago, or explore the geological masterpiece that is Gros Morne National Park. Learn about the exciting career of Captain James Cook, and then drive along the French Shore for a deliciously musical experience. Then, feel free as a bird as you stare up at feathered friends on the southwest coast.

**Festivals, Footpaths, and Fjords**

**DAY 1**
Start your western journey at the natural wonder that is Gros Morne National Park, a UNESCO World Heritage Site. Pop into the Discovery Centre in Woody Point and get a brief introduction to this earthly marvel.

Then it’s time to lace up your shoes for some unforgettable hiking. Choose from over 100 kilometres of trails for hikers and walkers of all abilities and interests. Hike along the moonscape called the Tablelands – gigantic peridotite rocks that were once part of the Earth’s mantle. Or choose Green Gardens, a more challenging trek through a boreal forest leading to a fertile volcanic seacoast.

Now it’s back to Woody Point, a charming village with a Registered Heritage District full of quaint galleries, craft boutiques, and restaurants with mouthwatering local cuisine. Before calling it a night, be sure to check out some of the evening entertainment for a toe-tapping time.

**DAY 2**
When you take the boat tour into Western Brook Pond and float through
the majestic glacier-carved fjord, you’ll feel like you’ve entered another world. A 2,000-foot-high waterfall cascades down the Long Range Mountains—part of the Appalachian chain. The boat launch is a 45-minute walk down a picturesque nature trail filled with plant life and curious creatures.

Next, visit Mattie Mitchell National Historic Site and Trail commemorating the Mi’kmaq people of Newfoundland. Mitchell was a Mi’kmaq guide, trapper and prospector, and a person of national historical significance. Feeling peckish? Check out the local cafés for a tasty bite.

**DAY 3**
Jump back in time at Lobster Cove Head Lighthouse and Broom Point Fishing Premises and get a glimpse into days gone by. In the evening, visit Cow Head and enjoy stories, plays, and concerts featuring local talent at the Gros Morne Theatre Festival.

**The Arches and the Ancient**

**DAY 4**
Start your day by visiting Arches Provincial Park, just a short drive from Cow Head. Named for the rock arches carved by years of tidal sea activity, it’s the perfect place to relax and have a picnic as you watch the ebb and flow of ocean waves.

Farther up the coast you’ll find Table Point Ecological Reserve. The 470-million-year-old limestone preserves fossilized flora and fauna, documenting changes to the continental shelf of the ancient Iapetus Ocean. The reserve is also a local hotspot for berry picking during August and September.

Visit NewfoundlandLabrador.com
The last stop of the day is Port au Choix National Historic Site. Witness relics of Maritime Archaic, Dorset and Groswater Palaeo-Eskimo, and Recent Amerindian cultures as they learned to live and thrive in this rugged place many years ago. After exploring the exhibits, take a walk along the coastal trails and scan the waves for seals and whales. Then, drop by Bird Cove for more archaeological artifacts at the 50 Centuries Interpretation Centre, which chronicles 5,000 years of human habitation in the area, and enjoy the nearby walking trails.

DAY 5
Today it’s all about the Vikings. Just over 1,000 years ago, the first European settlement was built in North America, a place now called L’Anse aux Meadows—a National Historic Site and a UNESCO World Heritage Site. Reconstructed sod huts “inhabited” by costumed interpreters help bring this historical place back to life. Next, drive to Conche on the east side of the peninsula where the French Shore Interpretation Centre houses an incredible 222-foot tapestry depicting the history of the area.

DAY 6
Hop on a tour boat in St. Anthony and start your day by watching frolicking whales and majestic 10,000-year-old icebergs. Gaze on as these larger-than-life spectacles put on a show. When you’re back on dry land, be sure to drop by the Grenfell Historic Properties and discover how Dr. Grenfell brought modern medical care to remote coastal communities more than a century ago.

A Road Trip South
DAY 7
About a half an hour south of Deer Lake, the city of Corner Brook overlooks the scenic inner Bay of Islands. Take the day to road trip along the north and south shores looking for adventures—and there are many. Go for a bike ride and take in the view, get your heart pumping on a zipline, or put on your explorer cap in the underground caves. In the evening, eat a home-cooked meal while taking in local entertainment.

DAY 8
Almost an hour south of Corner Brook is the Port au Port Peninsula. It’s here, in southwestern Newfoundland, that many French-speaking Newfoundlanders call home. Explore the unique culture of the region and be sure to try a slice of traditional French baked bread slathered in local jam.
With all the French bread ovens scattered along the coast, you won’t be short of opportunities to do so. In the evening, catch a show at the Stephenville Theatre Festival – a treat for all performance enthusiasts.

DAY 9
Venture south for a ride along Routes 404 or 405, where expansive meadows, scattered with trails, border the edges of the coast – perfect for walking, biking, or riding an ATV.

Next stop is the gorgeous farmland of the Codroy Valley, where the surrounding wetlands are internationally recognized as an integral spot for migrating birds. Then it’s on to Port aux Basques where the mountains meet the sea, and then to Rose Blanche where a magnificent granite lighthouse stands guard. Built in 1871 from a nearby quarry, this historic site is a must-see for all lighthouse lovers.

Scenic Side Trip
If you have a few extra days, visit Newfoundland’s south coast and take a trip to Burgeo. Start out on Route 480 and travel through the pristine boreal forest. Then turn south where the land is otherworldly in appearance, swimming with glacial erratics and shallow ponds. After two hours on this breathtaking drive, you’ll arrive in a small seaside town bordered by Sandbanks Provincial Park. Walk along the four sandy beaches and take in the fresh sea air while the mist from the ocean delicately sprinkles your face. Then, take a short ferry ride to Ramea Island for a truly authentic outport experience. Don’t be surprised if you leave with a few new stories, and a few more friends.

Your saga awaits in the land of the Vikings.

Begin your story in Gros Morne National Park. Your journey north to L’Anse aux Meadows is a therapeutic coastal drive with ancient mountains to your right and beautiful ocean vistas to your left. It is a place full of history and where legendary Norse explorers discovered these shores more than a thousand years ago. Learn more at vikingtrail.org.

Experience the friendliness of our people over a cup of tea in places like the 50 Centuries Tea Room in Bird Cove, and be awestruck by the many breathtaking hiking trails and picturesque seaside communities.

With the longest iceberg season in Newfoundland, the area hosts these 10,000-year-old giants well into the summer. Adventure awaits you by boat, Zodiac, or by land. Your heart will skip at the sight of a breaching humpback and you will be left breathless by dolphins and orcas playfully jumping nearby. The Viking Trail is your road to amazing memories!

The UNESCO World Heritage Designation is given to places of outstanding natural and cultural significance. Of the 20 sites in Canada, discover 3 in western Newfoundland and southern Labrador within a few hours’ drive of one another.

In western Newfoundland discover the spectacular landscapes and geological wonders of Gros Morne National Park where you can walk upon the Earth’s mantle and tour glacier-carved fjords. Four hours north, at the only authentic Viking site in North America, hear sagas and see original artifacts at L’Anse aux Meadows National Historic Site.

A short ferry ride across the Strait of Belle Isle and a coastal drive bring you to Red Bay National Historic Site in southern Labrador. Artifacts tell the story of the Basque people who produced the whale oil that lit the lamps of renaissance Europe – the first industrial operation in North America.

This road trip itinerary visits all three sites with stops along the way: https://itineraryplanner.newfoundlandlabrador.com/itinerary/unescotrilogy

A UNESCO trilogy – three world heritage sites.
Some stops along your journey.

1. Find your wild on Zodiac tours with Wild Gros Morne (p. 110)
2. Discover Mekapisk through the eyes of Gros Morne’s Indigenous people, Gros Morne Adventures (p. 112)
3. 6,000 years of human history at Port au Choix National Historic Site 🌐 (p. 116)
4. Berries, boats, and ‘bergs with Dark Tickle Écomusée & Expeditions (p. 117)
5. Sagas and Shadows, L’Anse aux Meadows National Historic Site 🌐 (p. 123)

Western road trips

Stretching from the ferry port of Channel-Port aux Basques to the Viking site at L’Anse aux Meadows, the west coast of the island of Newfoundland offers travellers a wide range of natural and cultural experiences. Don’t miss the two UNESCO World Heritage Sites, as well as glacier-carved fjords, hiking trails, ancient Indigenous sites, national and provincial parks, beaches, sand dunes, theatre festivals, museums, and cultural events.

Granite Coast Drive
45 km After leaving the ferry in Port aux Basques, visit this old port and the nearby areas. The Railway Heritage Museum in Channel-Port aux Basques houses two rare 17th-century astrolabes recovered from nearby shipwrecks by a local diver. The Basques were followed by the French, hence the town’s French name.

Less than an hour east along this rugged coast on Route 470 is Rose Blanche Lighthouse. The restored 19th-century granite lighthouse overlooks the resting places of an untold number of shipwrecks.

From Rose Blanche, leave your car behind and take a 90-minute coastal boat ride to the remote village of La Poile for a taste of the past.

Codroy Valley International Wetlands
40 km Just a 15-minute drive north of Channel-Port aux Basques on Route 1 you’ll find Grand Bay West and J.T. Cheeseman Provincial Park – two nesting sites of the endangered piping plover, a native shore bird. Please pay close attention to the exclusion signs that mark their territory.

South Coast Adventure
Route 480 takes you to Burgeo, where you can travel along the South Coast via ferry and coastal boat. Start with a ferry trip to Ramea, “Home of the Puffins” and host to an annual music festival. Continue to Grey River, before leaving your car and boarding a coastal boat. You can continue along the coast to Francois and McCallum – where boardwalks take the place of roads – and finally Gaultois, where the local inn hosts shed parties, along with hiking and sea-kayaking tours.

Be sure to check schedules for ferries and coastal boats before starting out, some run only a couple of times a week.

This area has some of the island’s best farmland, settled generations ago by Scots who brought with them such famous names as St. Andrew’s, and further north off Routes 404 and 405, Highland and Lockleven. There’s even a neighbourhood called Loch Lomond.

The Anguille Mountains just north of the Codroy Valley and west of Route 1 are famed for their winds. When the trains ran through here, the railway employed Lauchie McDougall to warn of high winds from Table Mountain.
Those 160-kilometre-per-hour gusts could blow a train from the narrow gauge tracks. Today, both Lauchie and the railway are gone, and truckers rely on CB radios and cellphones to find out when the wind is up.

**Three Rivers/Sandy Point Lookout**

61 km Off the main highway and onto Routes 404 and 405 you’ll find some great salmon fishing in streams like the Crabbes and Robinsons rivers. The sandy trails that edge coastal meadows in the quiet communities provide fine lookouts over Bay St. George South. Excellent fishing can also be found further north at Flat Bay Brook.

**Caribou Trail**

148 km Begin on Route 1 at Barachois Pond Provincial Park. The largest park in the provincial system, it has excellent outdoor recreation facilities and a large campground.

For a complete change of scenery, you can leave the coast and drive through the interior along Route 480. The Caribou Trail snakes first through thick forests and then heads south across boulder-strewn barrens to Burgeo and stunning Sandbanks Provincial Park. There are four beautiful sandy beaches in the park, and the area is popular with sea kayakers. From here, you can take the small ferry to nearby Ramea, and day-trip to communities further east like Grey River and Francois, via coastal boat.

**French Ancestors Route/ La route des ancêtres français**

161 km Newfoundland only gained full control over the west coast in 1904. For centuries before that, it was known locally as the French Shore because France had exclusive fishing rights there. Today, many French place names remain, and the Stephenville-Port au Port Peninsula area remains the hub of French Newfoundland culture. To reach it, take Route 460 or 490. Stephenville, once known for its American air base, is now home to the lively Stephenville Theatre Festival. Catch everything from Broadway musicals and cabarets to local comedies.

Out on the Port au Port Peninsula, drop by a francophone folk festival and hear tunes passed down from generation to generation.

**Captain Cook’s Trail**

53 km Yes, the Captain James Cook. Before he became a famous South Seas explorer, Cook refined his surveying and cartographic skills along the coast of Newfoundland in the 1760s. His charts of the Bay of Islands are – remarkably – still accurate enough to be used today. A statue in his honour overlooks the bay from Corner Brook, a west coast city renowned for its world-class salmon river – the Humber.

The scenic drive along the south shore of the Bay of Islands on Route 450 to Lark Harbour is a treat for the eyes. Surrounded by mountainous beauty, ocean vistas, and dotted with quaint little fishing villages, you can also find some of Newfoundland’s best hiking here, including the popular Blow Me Down Mountain Trail.

**Admiral Palliser’s Trail**

40 km Sir Hugh Palliser was a governor of Newfoundland in the 18th century, and the man who sent Captain Cook
to survey the west coast. The highway named after him, along the north shore of the Bay of Islands, Route 440, takes visitors into an area great for ocean fishing, hiking, and birdwatching.

**Humber Valley**

51 km The Humber Valley is nestled in the foothills of the Appalachian Mountains and stretches 70 kilometres from Deer Lake to the city of Corner Brook. Driving along, you can see lush trees and bushes against the beautiful Long Range Mountains, which are particularly striking in the fall.

The area offers many activities – camping, hiking, festivals, boat tours, golf, or ziplining. Connect with a local guide for a day of angling on one of the best Atlantic salmon fishing rivers on the planet.

Marble Mountain in Steady Brook, just outside Corner Brook, gets an average of 16 feet of snow every winter, and is one of the best ski hills in eastern Canada. There’s a lodge and accommodations at the base of the hill.

**Viking Trail**

526 km Turn off Route 1 onto Route 430 at Deer Lake and get ready for Gros Morne National Park, one of the two UNESCO World Heritage Sites on the Viking Trail. Mere words cannot paint the picture that is Gros Morne. This is one of those rare places that reaches right into your soul.

It was here that geologists discovered the ancient North American trilobite fossils of the area differed from those in eastern Newfoundland, which matched ones found in Spain and North Africa, helping prove the theory of continental drift. Plus there’s the Tablelands, a mesa-like formation of rock usually found only deep in the Earth but here pushed to the surface by tectonic forces. Take a hike among these unusual rocks and maybe meet a moose.

Further north is Western Brook Pond, which is a remarkable misnomer for this gigantic, glacier-carved fjord with sides 2,000 feet high. Explore the fjord as part of a boat tour, or take a cruise along the coast to see the mountains from a different vantage point.

There are 100 kilometres of trails in the park, plus migrating caribou, Arctic-alpine plants, and other natural wonders. And, unlike most national parks, this one has pockets of civilization: the towns and villages in and around the park provide services and accommodations along with a lively arts community. Plenty of annual festivals celebrate theatre, writing, and music, and the region is home to talented visual artists.

The communities along this stretch of coast lie between the mountains and the sea. Over the millennia, cultures have come and gone, but a constant to all has been a dependence on the sea. That was true for the Maritime Archaic and Dorset peoples who lived in the Port au Choix area long before Europeans arrived. Here, a National Historic Site tells their stories, and nearby a recent dig has uncovered a village and brought new insights to light. You can reach Port au Choix via Route 430-28 from Port Saunders. The Basques, the French, and the English have fished along these shores for almost five centuries. Lobster is king along this shore – you’ll see hundreds of pots stacked in many places.

The Viking Trail is also a jumping-off point for a visit to southern Labrador.
A ferry from St. Barbe lands at Blanc Sablon, Québec, right on the border with Labrador. See the Labrador section of this guide for information on The Big Land.

You are now near the northernmost tip of Newfoundland. On Route 436 you’ll find our second UNESCO World Heritage Site, L’Anse aux Meadows National Historic Site. It was here 1,000 years ago – and 500 years before Columbus, Cabot, and Corte-Real – that Greenlanders and Icelanders led by Leif Erickson founded the first European settlement in North America. You can explore the site, meet costumed Viking interpreters, and put yourself right in the place where Leif Erickson stood.

L’Anse aux Meadows was, and still is, a tiny fishing village when explorer Helge Ingstad came looking for Vinland in 1960. George Decker, a local fisherman, showed him what the residents thought was an Indigenous campsite. It was that, all right, but also an 11th-century Viking settlement. Over the next few years, Ingstad, his archaeologist wife Anne Stine Ingstad, and Parks Canada uncovered the remains of several Viking houses, a forge, and other buildings. A few significant artifacts were found that proved the Vikings were here five centuries before any other Europeans arrived on this continent. An amazing achievement.

This northern portion of the Great Northern Peninsula has Newfoundland’s longest iceberg-watching season, and is a good place to see whales late into the summer. And the best way to see both is from one of the tour boats operating in this area.

The Viking Trail continues on to St. Anthony, where another visitor had quite a different impact. Dr. Wilfred Grenfell brought modern medicine to northern Newfoundland and the remote communities of coastal Labrador beginning in the 1890s. His work lives on, and his story is told at the Grenfell Historic Properties in St. Anthony.

**Grenfell Drive**

171 km The handful of communities on the east coast of the peninsula were once French summer fishing stations, which makes this another section of the old French Shore. Take Route 432 south from St. Anthony airport to Roddickton where an underground salmon pool marks an unusual salmon migration route. East on Route 434, the French Shore Interpretation Centre in Conche houses the French Shore Tapestry, a 222-foot-long embroidery, done in the style of the Bayeux Tapestry by local women, that tells the history of the French Shore from prehistoric times to the present century. Nearby Crouse, resettled in the 1960s, is a favourite destination of hikers.

**Main River Run**

74 km The final portion of the west coast is the southeastern side of the Great Northern Peninsula in White Bay. You can reach it from Route 1 via Route 420. One of the highlights is the Main River, a surging 57 kilometres that will test even the most experienced whitewater paddler.

*The kilometre reference for each trail is one-way, including all side roads.*
HEAD NORTH

by Wendy Sherratt Hogan
Drive as far north as you can and that is where the excitement starts. Your chariot to Quirpon Island is a flashy red Zodiac. The ocean was a little rough but we were assured we would make the short trip to the island docking area. And what a trip it was. After loading up the small amount of luggage we were allowed to bring, we donned our rain jackets and ponchos, climbed down the dock ladder, and boarded the oversized inflatable dinghy. Assured it was safe, I took a deep breath and held on.

When we arrived we were escorted to a light-keeper’s home built in 1922 and met by the warmest, friendliest staff. The Quirpon Lighthouse Inn is inviting and comfortable. The meals were absolutely delicious. The staff and the guests seemed so excited to welcome you. It wasn’t long before we were hearing people shout “whale” so off to the whale watching station we went.

Whale Tales
I could have sat in the whale watching station all day. The excitement of spotting a whale circling the island, pods of whales rounding up capelin, whale tails popping through the surface or best of all - the breach of an enormous Humpback. Unbelievable. All while sitting in the comfort of a heated room, relaxing on the rocks on the shoreline, or heading out on a Zodiac tour. There were lots of whale stories floating around the whale station as well.

Icebergs!
Yes we saw those too! Lots and lots of icebergs floating by the island on their slow crawl south. The really fun part was heading out in the Zodiac to see them up close and personal. Close enough to safely scoop up a piece of ice and taste it. Surprisingly it is not salty!

And Then There’s More...
Despite what appears to be a barren island, there is so much to see. Hiking the island is encouraged. We saw plenty of sea birds just off shore and the views were incredible. Nature is all around you if you slow down and take a look. We came for the whales and icebergs but we were overwhelmed by the hospitality and beauty of this remote northern island.

Right in the heart of Newfoundland, the central region contains some of the best outdoor experiences in the province. It’s the centre of Iceberg Alley, a stretch of coastline where ancient towers of ice majestically float down from Greenland. It’s also where whales gather in large numbers to feed, play, and people watch. Central is a perfect place to take a boat trip or go sea and river kayaking. It’s also worth visiting Terra Nova National Park – 400 square kilometres of boreal forest and coastline, ideal for whale watching, bird watching, hiking, camping, and stargazing.

The central region also boasts dozens of hiking trails. As you explore, you’ll see clapboard houses sitting atop rocky coasts, and wharves and boats testifying to the continuing importance of the centuries-old fishing industry. Most of the people living here are descendants of West Country fishermen who settled the shores more than two centuries ago. The region also has a rich Indigenous history dating as far back as 6,000 years. It includes the Beothuk as well as the Dorset people, who carved soapstone pots at Newfoundland’s first quarry.

Visit central, the second-largest region in Newfoundland and Labrador. Stuffed with bays, coves, lively communities, and fascinating histories. With beautiful beaches and some of the best salmon rivers on the planet—there’s no shortage of things to do.

Explore Notre Dame

**DAY 1**
Start your journey at the “Crossroads of the World”, also known as Gander. While you’re here, visit the North Atlantic Aviation Museum and learn how this small town played a big role in post-war passenger aviation. Next, enjoy a drive through lush forests before meeting the roaring Gander River at Gander Bay. Take a moment to breathe in the pristine wilderness before continuing on Routes 331 and 335 to the ferry at Farewell for an excursion to Fogo Island and Change Islands.

Fogo Island is the biggest offshore island in the province and home to 11 distinct and lively communities. With its fascinating geography, roaring seaside, and unique cultural history, a visit to Fogo is a once-in-a-lifetime experience. Explore the four ultramodern international artist studios that attract acclaimed artisans from around the globe. Visit Tilting, an Irish community brimming with antiquity and heritage—more than 250 years old. Walk the ancient footpaths that decorate the island, and keep an eye out for the caribou herd. Be sure to check out Growlers Ice Cream Shop, where local berries become sweet, delicious treats.

**DAY 2**
In the morning, ride the ferry back to Farewell and hit the road towards Twillingate, heading for Long Point Lighthouse. The lighthouse and Lower Head Trail is a perfect place to keep watch for whales and icebergs. Or, if you want front row seats, hop on a boat tour. In the
afternoon, do some exploring and hike one of the many picturesque walking trails in the area. There’s entertainment almost every night in Twillingate, so when the sun goes down put on your dancing shoes for an evening of traditional music. After you’ve exhausted yourself on the dance floor, retire to a cozy B&B for a well-deserved rest.

**DAY 3**
Today, delight in a scenic road trip along the shores of Notre Dame Bay and the Bay of Exploits. Drop by the Beothuk Interpretation Centre Provincial Historic Site at Boyd’s Cove. Here you’ll explore the fascinating culture of the Beothuk people, extinct since 1829. Now it’s back on the road driving through idyllic coastal communities like Birchy Bay and Loon Bay. Stop in Lewisporte where the By the Bay Museum gives you an in-depth look into the rugged reality of outport life. Next, head to Norris Arm and discover one of the hidden gems of the area: the Fox Moth Museum. In a restored seaplane hangar, learn all about the pioneering days of flight from a plethora of fascinating exhibits. The final stop is the World War II seaplane base at Botwood Heritage Park, where Bob Hope, among other celebrities, entertained the troops.

**Delve into Water and Stone**

**DAY 1**
Grand Falls-Windsor sits on one of the best salmon fishing rivers in the world: the Exploits River. Thousands of these fighters migrate upstream every year to spawn, making this an ideal place for the Salmonid Interpretation Centre.

Then it’s westward to Aspen Brook for an epic adrenaline rush with Rafting Newfoundland. Choose from a variety of exhilarating tours, some of which include a swim and a picnic lunch.
DAY 2
Start today’s venture in Springdale, where you’ll find the Springdale Wetlands—reached via the Indian River walking trail. The wetlands are an estuary where Indian River flows into Halls Bay, and feature 15,000 acres of diverse habitat that’s home to moose, ducks, and salmon. The next stop is King’s Point, where the seaside pavilion holds the articulated skeleton of a 52-foot humpback whale, and the pottery shop has some of the finest wares in the province.

DAY 3
The Baie Verte Peninsula is a geologist’s dream. Teeming with ancient rocks and minerals, deep cavernous mines, and complex folding and twisting landscapes, its natural beauty is unsurpassed. For a glimpse into this fascinating world, visit the Miners’ Museum in Baie Verte, and learn about the mysterious and dark lives of miners from the late 1800s to present day. Can’t get enough underground fascinations? Then continue on to the Dorset Soapstone Quarry National Historic Site at Fleur de Lys and witness evidence of Dorset and Palaeo-Eskimo vessel carvings dating back 1,600 years.

The South Coast Tour
DAY 1
Take a lovely drive down Route 360 from Bishop’s Falls through thick and beautiful forests to reach the Mi’kmaq Discovery Centre. Here you’ll get an introduction to the area and learn about the rich heritage of the Indigenous people of Conne River. St. Alban’s is the centre of the province’s growing aquaculture industry, and on the waterfront there’s an interesting display on Captain James Cook’s 18th-century surveying voyages. The expert canoeist will want to paddle the Bay du Nord Heritage River, a challenge worth its rewards in lush scenery.

DAY 2
South of St. Alban’s, the Connaigre Peninsula offers some of the most extraordinary landscapes on the island. Deep fjords cleave the land and rolling hills make friends with the small communities tucked between them. As you drive along the highway, the beauty of this terrain will surely transform you.

DAY 3
A short distance off the main highway, Routes 362 and 362-10 lead to Pool’s Cove. Take a day trip to Rencontre East and Bay L’Argent on the Burin Peninsula. See the traditional sights of some classic outport communities—warm, friendly homes that dot the shoreline, and fishing huts and stages ready for the daily catch.

Or, if you’re a history buff, there are many significant houses in the region not to be missed. The John Cluett Heritage House in Belleoram is a traditional saltbox home and dates back to 1844—the oldest structure in Fortune.
Bay. And don’t miss a trip to the gorgeous Sunny Cottage Heritage Centre in Harbour Breton. Built in 1907, it’s one of the largest Queen Anne-style homes on the island.

Transport yourself on an unforgettable boat adventure that will give you a rare and authentic look into coastal life. Leaving from Hermitage, weave along the craggy, rolling shoreline, visiting the remote villages of Gaultois, McCallum, Francois, and Grey River.

**Terra Nova – Eastport Adventures**

**DAY 1**

If you love camping, a visit to Terra Nova National Park is a must. The park’s landscape varies from the rugged cliffs and sheltered inlets on the coast, to the rolling forested hills, bogs, and ponds of the inland. Bike, swim, picnic, hike, kayak, golf, or take the kids to the spectacular marine touch tank at the Visitor Centre in Newman Sound. In the afternoon, relax as the little ones spend the day exploring the playgrounds.

**DAY 2**

If you’re looking to dig your toes into some soft warm sand, then set out for the Eastport Peninsula—home to beautiful white sandy beaches. Drive by sheltered coves and sparkling waters until you find the perfect place to lay a blanket for an afternoon at the beach. The Beaches Heritage Centre is a great place to check out live theatre and gallery exhibits that celebrate traditional and modern art. With a 200-seat theatre and a full schedule of programming, there’s something for theatre lovers all year round.

**DAY 3**

Just outside Terra Nova National Park’s west entrance is Splash ‘N’ Putt, a water-based amusement park. Spend the day having a blast as you and your family play minigolf, try go-karting, ride the bumper cars and boats, or fly down the 300-foot waterslide. Relax in the heated pools and kiddie recreation area, and then indulge in a frozen treat from the dairy bar next door.

Where icebergs feel as welcome as the tourists.

If it’s 10,000-year-old icebergs you seek, look no further than the northeast coast of Newfoundland.

There are many amazing locations to view these sculptural ice giants, but no place on Earth is as good as standing on the North Atlantic coastline. Bergs float down from Greenland every year, and can be viewed from the open water or shore. Enjoy the parade from any of the accommodations nestled along the rugged coast.

For a truly unforgettable visit while iceberg hunting, catch the ferry to Fogo Island and stay at the luxurious Fogo Island Inn. The inn sits on an island, off an island, at one of the four corners of the Earth. With a perch right on Iceberg Alley, all 29 rooms and suites feature floor-to-ceiling windows opening onto the most powerful ocean on the planet.

Visit the small town of Gander, whose citizens inspired the Tony Award-winning Broadway musical, *Come From Away*. The community doubled in size when it welcomed nearly 7,000 passengers from around the world on September 11, 2001.

20 years later, the people of Gander – and all of Newfoundland and Labrador – remember. We continue to pay tribute to the victims, honour the first responders, and hold in our thoughts all those whose lives changed in a single day.

Gander boasts a rich aviation history, museums, *Come From Away* tours, shopping, live entertainment, and comfortable accommodations like the Quality Hotel & Suites, Albatross Hotel, and Sinbad’s Hotel & Suites. Before resting easy for the night, enjoy a gourmet meal at any of the restaurants at these hotels.

After your visit to Gander, you can explore the outports and experience a different part of the province. While there, stay at one of Old Salt Box Co.’s eight 4½-star vacation homes situated along the Atlantic Ocean. Take in the beauty from their signature picture windows, and leave with memories that will last a lifetime.

Discover Terra Nova’s path less taken.

Take in views bordering on the divine while hiking Terra Nova National Park’s 80 kilometres of trails. Malady Head and Louil Hill never cease to amaze, but there’s one lookout point so few people have seen it’s practically undiscovered – the summit of Mount Stamford. Once only available after a long inland hike, now you can grab the water taxi from the Visitor Centre and get dropped off at the start of a 4.5-kilometre trail to the summit. Once you’ve absorbed the amazing sights, head back down and pick up the water taxi for a relaxing return trip.

There are many ways to sightsee and stay in and around the park. Happy Adventure Inn offers boat and kayaking tours along Bonavista Bay and Terra Nova National Park. Rejuvenate with a delicious meal and glass of wine at the inn’s seafood and wild game restaurant before settling down in their 4.5-star accommodations.

Central road trips

With two seacoasts and the forest in between, central Newfoundland offers an outdoor experience with unusual history, Old English words and Irish customs, aviation history, and music far removed from sea shanties. Hike to see an iceberg, camp in a national park on the coast, and uncover the tragic history of the Beothuk. Explore a deserted community, or discover what inspires our artists and songwriters. It’s all here.

**Dorset Trail**  
281 km More than 1,000 years before Europeans arrived here, the Dorset were quarrying soapstone at Fleur de Lys on the Baie Verte Peninsula. They fashioned this soft stone into cooking pots and traded it with other Indigenous groups. Now a historic site with an interpretation centre, the quarry is the oldest-known mining site in an area known for its complex geology and many modern mines. In the 19th and 20th centuries, the peninsula’s mines produced gold, asbestos, copper, and other minerals, and that history is explored in the mining museum at Baie Verte.

The French fished here well into the 19th century. A renewed focus on our French heritage can be seen at museums and historic sites throughout the region. You can reach the peninsula via Route 410 from Route 1.

**Exploits Valley**  
261 km At South Brook just past Springdale, Route 1 leaves the coast and veers inland towards the Exploits Valley.

The Exploits is the longest river on the island and hosts the king of game fish – salmon – with as many as 30,000 making their way upstream to spawn every year. In Grand Falls-Windsor, the Salmonid Interpretation Centre tells all about this remarkable – and great tasting – fighter. You can also go river rafting, canoeing, and hiking in the area.

Here you’ll find the Mary March Provincial Museum, which explores the 5,000-year human history of the area. Nearby Bishop’s Falls, formerly a major railway hub, is now a service centre for central Newfoundland.

**Green Bay and the Beothuk Trail**  
136 km You have to get off the highway to explore Green Bay and the Beothuk Trail – so named because this was an area of Newfoundland once occupied by this now extinct Indigenous people.

There are several trails nearby, including the 8-km Alexander Murray Hiking Trail in King’s Point. It climbs more than 300 metres and provides an unsurpassed view of Green Bay, and any icebergs that might pass by. The trail in Rattling Brook has a boardwalk that leads to an 800-foot waterfall.

In Triton, you can visit a pavilion and see the skeleton of a huge sperm whale. King’s Point boasts a 50-foot humpback whale skeleton of its own – look for the real thing frolicking in Green Bay itself.

Local artisans King’s Point Pottery have been creating work here since 1992, and their art reflects the inspiration of the area. Visit the Springdale Wetlands, a coastal estuary, nearby.
The train trestle across the Exploits now carries hikers instead of trains, but its almost 300-metre length gives an indication of why this river divided the island for centuries.

Below Bishop’s Falls, the river empties into the Bay of Exploits, a picturesque area dotted with islands. Route 350 takes you to the western side of the bay and Botwood, which in the 1930s was a refuelling stop for the first transatlantic air passenger service.

The history of this era can be explored at the Botwood Heritage Park, Museum, and Archive. North of Botwood, the road forks at Northern Arm. Route 350 continues to Leading Tickles while Route 352 takes a scenic route along the Bay of Exploits to Fortune Harbour.

Throughout central Newfoundland you’ll find a wide variety of outdoor adventures on both land and sea, ranging from fishing and hiking to wilderness lodges, snowmobile tours, sea kayaking, and iceberg viewing.

Coast of Bays

357 km The names Hermitage Bay, Connaigre Bay, Great Bay de L’Eau, Corbin Bay, Belle Bay, Fortune Bay, and Bay D’Espoir explain the name given to the southern portion of the central region. Take Route 360 south from Bishop’s Falls to its junction with Route 361 and the Mi’kmaq Discovery Centre. In nearby Conne River, the Mi’kmaq, a First Nations people, hold a powwow every summer that introduces Indigenous and non-Indigenous alike to Newfoundland Mi’kmaq traditions.

Further south is Harbour Breton, one of the oldest and largest communities on the south coast. First settled by French fishermen, and later by the English, its commerce was dominated for decades by the Newman family, famous for its Newman’s port wine, which is still available today. This whole coastal area is heavily indented with spectacular fjords.

South Coast Adventure

From Hermitage on Route 364 you can take a coastal boat westward to Gaultois, where the local inn stages shed parties. Next, head to McCallum, where boardwalks take the place of roads. Once a week another coastal boat goes west from McCallum to Francois and Grey River, from which you can get a ferry to Ramea and Burgeo in southwestern Newfoundland.

Fortune Bay Adventure

From Pool’s Cove on Route 362 you can catch a coastal boat east to the isolated village of Rencontre East, and on to Bay L’Argent on Route 212 on the Burin Peninsula. The round trip makes an excellent one-day excursion.

Kittiwake Coast:
Road to the Isles

187 km This is the first of four sections of the Kittiwake Coast, and you can pick it up where Route 1 meets Route 340. Lewisporte is a major service centre for Notre Dame Bay. Historically known for its shipping and forestry, today its attractions include sea kayaking, wildlife safaris, and boat tours. North of the town, the coastline is covered with birch and other leafy trees that turn beautiful colours in September and October.

A major attraction on this part of the coast is the Beothuk Interpretation Centre Provincial Historic Site in Boyd’s
Cove. Built using Beothuk structural concepts near the site of a large Beothuk village, the centre tells the story of these Indigenous people, and includes a walking trail to an archaeological site.

Twillingate embodies everything so many Newfoundland and Labrador outports are famous for: stunningly rugged coastline, historical, picturesque streets, and lush countryside roads. In the waters off the coast, look for whales, dolphins, seabirds, and – if the season is right – icebergs. Twillingate is one of the stops along Iceberg Alley, a vast corridor of ocean that runs from Greenland and a popular path for these frozen leviathans. A great place to view icebergs and whales from land is Long Point, where a lighthouse stands atop a high cliff overlooking the bay.

During the summer, you can find live entertainment almost every night, and festivals throughout the season. Twillingate Island also has excellent hiking trails. Most are easy or moderate walks and take the hiker to hidden coves, along the coast, or to great vistas.

**Kittiwake Coast: Islands Experience**

33 km + boat East of Twillingate are two other islands that can be reached by ferry from Farewell on Route 335.

Change Islands has only had cars since the 1960s, so you will step back in time to a place where traditional ways still hold sway. Small community charm and rich fishing culture combine with a prominent sense of history to make this place a tourist and artist’s paradise. You’ll also find a Newfoundland pony breeding refuge there.

Fogo Island, the largest island along Newfoundland and Labrador’s vast coastline, is home to eleven communities, each with its own distinctive flair and allure. Acclaimed artists come from far and wide to work in incredible, modern artist studios. Fogo Island Inn, a sleek, Nordic-style hotel perched on stilts at the Atlantic Ocean’s edge, is an inspiring collaboration between traditional and modern. The Inn’s restaurant, one of EnRoute magazine’s best in Canada, boasts gourmet cuisine infused with the bounty of the island and their own gardens. Settled in the 18th century, Tilting is still remarkably Irish in its outlook and cultural ways. The town is a National Historic Site of Canada, and you can wander through the tall, lush grasses and run your fingers over the red paint of old fishing rooms. Hike to Brimstone Head along one of the many trails that criss-cross the island and highlight its rugged beauty.

**Kittiwake Coast: Road to the Shore**

301 km This portion of the Kittiwake Coast is a horseshoe-shaped loop from Gander along Route 330 and Route 320 to Gambo. Gander is an airport town known as the Crossroads of the World because of its role in transatlantic aviation after World War II.

During the war it was a transshipment point for aircraft being flown to Britain. Today it’s a modern service town. But its air history is vividly remembered in the town’s aviation museum, which includes real aircraft, including a Canadian jet fighter.

North of Gander, Route 330 takes you to Gander Bay, which is a great salmon fishing area, and the beach at Lumsden is not to be missed.
The New-Wes-Valley area has a unique history. A small peninsula juts out into the Atlantic, bringing the resources of the sea just a bit closer than elsewhere along the coast. On top of that, the waters here are a bit warmer, which means the area has milder winters. This is what first attracted Indigenous peoples to Cape Freels thousands of years ago.

Newtown – called the Venice of Newfoundland because it’s built on a series of tiny islands – has one of the architectural gems along this part of the shore. The Alpheaus Barbour House is a Queen Anne-style mansion built in 1904 by a local merchant. Inside are many original furnishings and fittings, and the overall character and look of the house makes you feel like you’re in another time. The town’s heritage village and theatre festival complement the Barbour House.

At the end of this scenic drive is Gambo, birthplace of Joey Smallwood. He successfully led the province into Confederation, and became the first Premier of the province when Newfoundland joined Canada in 1949. There are several commemorative pieces that recall his life and work, including a statue and a museum.

Kittiwake Coast:
Road to the Beaches

41 km The Eastport Peninsula is famed for its sandy beaches. Take Route 310 from Route 1 at either Glovertown or Traytown and get ready for some beachcombing. But there’s more here than just sand. The town hosts a well-regarded literary festival and an accordion festival each summer, a testament to the residents’ cultural interests.

From Burnside you can catch a small car ferry to St. Brendan’s, an island in the bay settled by Irish immigrants. The island is named for the Irish monk who supposedly sailed the North Atlantic in a leather boat about 1,400 years ago.

The most photographed spot here is Salvage, pronounced with a long “a” as in “age.” This is the oldest European settlement along this part of the coast and is a classic outport with wharves, stages, fishing boats, and fishing paraphernalia.

Terra Nova National Park on Route 1 has become a favourite with families who like to camp, either in an RV or a tent. And no wonder. Kids can have fun at several playgrounds while their parents relax close by. And there are lots of things to see and do, like visit the Marine Interpretation Centre where the touch tank lets you have a close look at a wide variety of sea life. The park has an extensive trail system, entertaining evening shows about park wildlife and ecology, boat tours, kayaking, and golf. Two salmon rivers run through the course, so if your ball goes into the water, you can claim the ultimate golf hazard: a salmon took it.

The kilometre reference for each trail is one-way, including all side roads.
OUR HONEYMOON ROAD TRIP

by Malissa Ellen

For more info call 1-800-563-6553
Newfoundland and Labrador has always been a place I have dreamed of. When my husband and I decided where we wanted to explore for our honeymoon we knew instantly that this was the place we wanted to see.

**Terra Nova**

We spent two nights at Terra Nova National Park. From the boardwalks that took us along the water and through marshland, to climbing stairs taking us to breathtaking views, to spending the night under the stars.

**My Favourite Spot, Twillingate**

Something about the place I think will stay with me forever. Walking through the streets, exploring Long Point Lighthouse, eating delicious food, seeing the hills of colourful homes, walking nearby trails... it was easily my favourite.

**Boyd’s Cove and the Beothuk**

At the Beothuk Interpretation Centre there was so much to learn; and we got to actually see where the Beothuk village used to be. The trail took us through the forest, to the village, along a beautiful river, and to an amazing view.

**King’s Point**

Alexander Murray Hiking Trail! WOW. WOW. WOW. You have to climb and climb, but every step is worth every spot on this trail. The amazing view from the top and the waterfalls that you see along the way. A team of people volunteer to help keep this trail alive and maintained, and the hard work is so inspiring. Even though I was three months pregnant at the time, I am so glad we started and finished this trail.

**An Unforgettable Adventure**

Newfoundland and Labrador you sure were an adventure. We hiked beautiful trails with spectacular views, and I could have had an endless amount of nights sitting by the campfire listening to some of our favourite music. I tried tons of yummy food I never thought of trying before, and I saw Alan Doyle right out the car window. And I got to feel our little human move for the first time. I will never forget this place.

Book now, sleep easy.

The last thing you want to worry about while finding yourself off the beaten path is where you’re going to sleep. To avoid disappointment on your trip, make your reservations in advance. The range of accommodations is as varied as the scenery you’ll find across the province, so book before you arrive, and sleep easy while you’re here.

For more info call 1-800-563-6353
Reserve your ride early.

There’s a lot to see in this beautiful, big province, and if you’re planning on taking a few road trips to see it all, be sure to book your car rental in advance. That way, you can concentrate on the things that matter when you arrive, like the breathtaking scenery and the fresh coastal air.
Way out East
The edge of the earth.

This historic region is home to many unique, charming communities, flanked by sheltered bays, inlets, and coves. In fact, this area was the first place John Cabot arrived during his 1497 New World voyage. It stretches from his famous landing place on the Bonavista Peninsula to the French islands of Saint-Pierre et Miquelon – accessible by a short ferry trip from Fortune.

The eastern region also lays claim to scenic driving routes and several provincial parks where you can camp, hike, and boat. Enjoy sweeping coastal landscapes and beautiful walking trails – some of the most impressive on the island – that weave through land richly populated with migratory birds like kittiwakes, gannets, great black-backed gulls, and puffins.

Throughout Trinity Bay, Random Island, and the Burin Peninsula you’re bound to get a sense of the rich fishing culture, artistry, and history of the region. Discover quaint English architecture and iconic fishing sheds that delicately dot the coast. Here you can step back in time – often by experiencing performances like the renowned New Founde Lande Trinity Pageant. And it’s all part of the breathtaking charm and personality of the east.
The eastern region is packed with adventure—from the Burin Peninsula, teeming with communities as unique as the dialects within, to the Bonavista Peninsula, where John Cabot first “discovered” North America. Visit the picturesque town of Trinity with its legendary theatre, or hike the Skerwink Trail, an outdoor aficionado’s dream. Dive into history in Grand Bank at the Seamen’s Museum and explore exhibits that display the wonders of the deep-sea fishery. Or hop the ferry to a little piece of France, just 20 kilometres away.

**Stories and Shorelines**

**DAY 1**
The Bonavista Peninsula—craggy rolling coastlines scattered with rock sculptures carved by the ocean and time—is a geographic work of art not to be missed. Start in Clarenville, a natural gateway to the Discovery Trail, and a panorama of scenery, historic sites, and coastal towns and villages. It’s also the perfect place to nestle in at night as you explore the peninsula on a series of day trips.

Trek off the beaten path with a trip to Random Island via the causeway, and enjoy the tranquility and peace of a place that looks untouched by time. Then, go for an afternoon venture to gorgeous Trinity Bight, popular with visitors and tourists, as well as directors—several movies and television series have been filmed here. Decorated with a fine collection of historic buildings and homes, the town is best explored on foot. Join in on a walking tour presented by the Rising Tide Theatre Company entitled “The New Founde Lande Trinity Pageant.” Follow the actors and meander the hilly streets, tucked away alleys, and notable buildings, all while delving into the history of the town and its significance to the province—presented with a comedic twist of course. Then, step back in time at the Green Family Forge.
where you’ll witness the legacy of six generations of blacksmiths. Take a piece of the past home with you as the Forge turns out items for various craft shops around town. In the evening, grab a tasty bite at one of the local eateries before taking in a night of drama and comedy at the Rising Tide Theatre on the wharf.

**DAY 2**

Hiking fans will fall in love with the magnificent Skerwink Trail, an award-winning 5.3-kilometre trail that encircles Skerwink head. Film fans should head out to New Bonaventure to visit the set of *Random Passage*, a miniseries depicting one woman’s struggle to survive early outport life. While in the area, hop on a boat tour and explore the coast while keeping an eye out for whales and seabirds.

Next, visit the root cellar capital of the world—Elliston. Before refrigeration and electricity came to rural communities, root cellars kept food from freezing in the winter and spoiling in the summer. Wander around and notice these wonders tucked away in the hills. With over 100 still in working condition, they’re a feat of ingenuity that have truly stood the test of time. Continue on to the friendliest colony of puffins on the island. Tame, but full of excitement, you’ll be able to get within feet of these adorable birds.

Now leap back in history to the summer of 1497, when John Cabot sighted Bonavista (Oh Happy Sight)—where modern North America began. At the tip of the peninsula you’ll find a town that has been synonymous with the fishing industry for centuries. Experience rich fishing as you explore the Ryan Premises National Historic Site. Then it’s a short drive to Cape Bonavista Provincial Historic Site to admire the Cape Bonavista Lighthouse. Here, you’ll experience one of the only lighthouses in the world where you can still climb up the
stone tower and see the same seal-oil-fuelled catoptric light apparatus that was used in the 19th century.

**DAY 3**
Take a morning drive down Route 235 and keep an eye out for small villages where residents still pursue traditional lifestyles. The coastline here is truly spectacular, and is best viewed on foot. Walk the Lighthouse Trail in King’s Cove, or take a stroll to view the sea arch at Tickle Cove.

**Coastal Heritage**

**DAY 4**
The Burin Peninsula—affectionately referred to as “the boot”—comprises 39 communities, of which 38 are located directly on the coast. The area is rich in history, culture, and tradition—thriving on the gifts from the sea.

Start exploring by following Route 212 to Bay L’Argent, where you can take a daytrip by ferry to the remote communities of Rencontre East and Pool’s Cove on the western side of Fortune Bay. Here you’ll witness not only the isolated beauty of a land untouched, but also two tight-knit communities that rely on the sea and each other to maintain their way of life.

Then it’s on to Marystown, the largest community on the peninsula, and its commercial hub. Check out the museums and learn about the town’s proud fishing heritage.

**DAY 5**
Route 221 winds on to Burin, which is built along a series of high cliffs and sheltered coves—once a haven for pirates and privateers because of the many narrow channels and dead-end passages. In the 1760s, Captain James Cook charted these shorelines and kept a lookout for rum-runners from a perch that still bears his name—Cook’s Lookout. If you’re in an educational mood, visit the museums and heritage houses in town. The Oldest Colony Trust building was once a cold storage facility and now exhibits 19th-century Burin artwork.
If you’re visiting during the summer, stick around for some knee-bouncing, head-bobbing musical entertainment.

Now it’s on to one of the most famous communities—St. Lawrence, where fluorspar was mined for several decades and may yet be again. To truly understand the town’s history and the hardships of mining life, visit the Miner’s Museum. Here you can view a list of miners who perished from their trade, and discover dramatic events like the 1942 rescue of U.S. sailors whose ship ran aground in a horrendous storm.

Fancy a trip to France? If so, you can hop on the ferry at Fortune headed to Saint-Pierre et Miquelon—the only remnant of the former colonial empire of New France. See page 439 for more information.

Fortune is also the site of the Fortune Head Ecological Reserve. It’s here that the world’s best examples of 540-million-year-old marine fossils are preserved. They mark the boundary between the pre-Cambrian and Cambrian geological eras. Tours begin at the Interpretation Centre.

For some classic Newfoundland and Labrador hospitality, head to Grand Bank—named for the high bank that extends from Admiral’s Cove to the water’s edge. Here, the cool waters from the Labrador Current mix with the warm Gulf Stream, creating the perfect nursery for fish, and thus the perfect location for a friendly fishing community. Stop by the Seamen’s Museum and explore artifacts from land and sea, used by local families from the 1800s to the mid 1900s.

Next visit Frenchman’s Cove Provincial Park, complete with 51 hectares of luscious habitat, a pebble beach, and a nine-hole golf course. Nearby Garnish has an excellent view over Fortune Bay, with Brunette Island and the Connaigre Peninsula off in the distance.

Half a billion years in the making.

Newfoundland and Labrador is home to Discovery UNESCO Global Geopark, one of only five Global Geoparks in North America. From Southern Bay to Bonavista, 280 kilometres of stunning coastline await – with ten developed geosites that showcase the region’s geological, natural, and cultural diversity.

Take a trip back in time: walk among half-a-billion-year-old rocks, remarkably well-preserved Ediacaran fossils, and even glacial deposits dating back to the Precambrian ice age. No other place on the planet gives you a glimpse at nature’s early evolution quite like this. And if you’re in the mood for a stroll, the hiking trails won’t disappoint. Gaze at remarkable vistas and spot coastal formations from caves to arches to sea stacks. Maybe even cross paths with icebergs, whales, seabirds, and wildflowers along the way. It’s all right here. The past is waiting to be discovered.

To learn more, download the Discovery! Geological Tour app and visit www.discoverygeopark.com

Eastern road trips

Eastern Newfoundland is synonymous with the fishing industry. Fishing takes place in small boats near shore and from larger vessels on the Grand Banks. Learn more about this way of life in major museums in Bonavista and Grand Bank, and in smaller ones with a more local focus. But there's more here than just fish. How about a round of golf near two salmon rivers, or a walk along a coastal path so beautiful it has won international acclaim? There's a theatre festival in Trinity that's been entertaining travellers for many years with local productions, local stories, and local stars. There are beaches and boat tours, history and heritage – and even a ferry ride to France.

Discovery Trail

349 km The Discovery Trail has three road entrances: Routes 230 and 230A in Clarenville, and Route 233 in Port Blandford.

Clarenville, founded in the 1890s, is a mere babe compared with many other towns on the Bonavista Peninsula, one of the most historic and beautiful parts of the province.

On the way north, take a side trip to Random Island, linked to the mainland by causeway only since the 1960s.

Trinity, once a prosperous and progressive fishing site, is one of the best-known communities in the province. Take Route 239 to this coastal gem. The permanent population is only about 350, with some 50 architecturally significant buildings. Take a guided tour on land or sea, or just wander around. Among the fascinating exhibits are the Cooperage, where barrels were made, and a real working forge where you can see a blacksmith make iron items that are sold in local craft stores.

But it is for the theatre that travellers come in summer. The high comedy, farce, and enduring drama of Newfoundland and Labrador's history takes to the streets for the New Founde Lande Trinity Pageant, a walking tour of the town led by actors. Rising Tide Theatre also presents Seasons in the Bight at its waterfront theatre. In addition, you can go whale watching and hiking in the area. In New Bonaventure visit Random Passage – the film set for the TV miniseries. The site is a replica of an early 1800s fishing village.

In Port Rexton, you'll find the Skerwink Trail, listed by Travel & Leisure magazine as one of the 25 best hikes in North America and Europe. The trail leads you to a sea stack called the Music Box because of the sounds the winds make. It's also a great way to see kittiwakes, gannets, great black-backed gulls, and whales.

Port Union, as the name suggests, is a union-built town, the only one of its kind in North America. It was founded by Sir William F. Coaker, an early 20th-century reformer, union organizer, politician, businessman, teetotaler, and failed farmer who devoted his life to bettering the lives of downtrodden fishermen.

Another interesting side trip is at Elliston, the root cellar capital of the world. Hundreds of these man-made,
The best thing to do in Bonavista is park your car and walk. It’s a great way to see the old part of town and take in the architecture. Check to see what’s playing at the Garrick Theatre.

On the peninsula’s north side, turn off Route 235 onto Route 235-19 to Open Hall, Red Cliff, and Tickle Cove, famed for the song “Tickle Cove Pond.” Scenes from the feature film The Grand Seduction were filmed in this area.

Between the Bonavista and Burin Peninsulas, there’s a little-known area with lovely scenery. That’s Southwest Arm in Trinity Bay. Route 205 along the north coast of this bay leads to natural attractions like coves and roadside bogs alive with wildflowers.

**Heritage Run**

**479 km** Route 210 takes you down the Burin Peninsula. Everything is different here – from the dialects and traditional set and square dances to the architecture.

Most communities are on the peninsula’s east side in Placentia Bay because of the good anchorage, abundance of fish, and pebble beaches for drying fish. This is why Europeans first began to settle here. Swift Current has long been a favourite area for sport fishing.

There are only a handful of communities on the west side in Fortune Bay. One of these is Bay L’Argent, where a coastal boat – passengers and freight only – connects with the community of Rencontre East and, further west, Pool’s
Cove on the Coast of Bays. The return trip is a fine one-day excursion. The highway crosses maritime barrens, one of the main eco-regions that characterize the province’s ecology. Keep an eye out for rough-legged hawks. The boulders dotting the landscape are erratics – dropped by melting glaciers 10,000 years ago.

Community names reflect the diverse European influences on early settlement: Spanish Room, Jean de Baie, Rock Harbour. Basque and Portuguese influences are sometimes buried under several layers of translation of the original names.

Marystown is the largest community, commercial hub, and services centre in the region. The main heavy industry is a shipyard and fabrication facility for the offshore oil industry.

Nearby Burin on Route 221, which is built along a series of high cliffs and sheltered coves, was once a haven for pirates and privateers. Take a stroll along the Oldest Colony Trust boardwalk in Burin Harbour. Captain James Cook stationed troops atop what is now called Cook’s Lookout. The community museum has excellent displays on the 1929 tsunami that devastated the coast.

Winterland, on Route 222, has the best soil in the peninsula, and has been a farming area since the dark days of the Depression. It’s also a good place for birding.

In 1942, two U.S. warships ran aground near St. Lawrence, one of the region’s more famous communities. The people of St. Lawrence and Lawn risked their lives when rescuing 186 sailors. They helped bring the men ashore and took them into their homes. One of the rescued sailors was the late Lanier Phillips, an African-American who had experienced racism first-hand. The kindness shown to him by the people of St. Lawrence – most of whom had never before seen someone of African-American descent – helped him imagine a better world, and he went on to help desegregate the U.S. Navy.

Grand Bank is the quintessential Newfoundland outport. More than any other port, this town is associated with the Grand Banks schooner fishery, and the town’s architecture reflects the prosperity and loss that went hand-in-hand with that once-booming industry. The excellent examples of Queen Anne-style homes are topped by widow’s walks where the wives of well-to-do skippers waited, sometimes in vain, for their husbands’ return. Buildings in the town have features borrowed from the architectures of eastern Canada and New England, reflecting the reach of the fish trade. The Provincial Seamen’s Museum is located here.

Nearby Fortune derives its name from the Portuguese fortuna, which can mean both good and ill fortune.
The lighthouse at Fortune Head, one of several prominent lights along the coast, is surrounded by an ecological reserve that preserves fossils marking the boundary between the Precambrian and Cambrian geological eras about 540 million years ago.

From Fortune, you can take a side trip to France. A new passenger and vehicle ferry service sails to Saint-Pierre et Miquelon. The French islands are just an hour away and a good place to buy French wine and perfumes. But remember, you have to clear customs on your return and American visitors will have to clear customs before entering the U.S. as well. You can find schedules and fares at www.spm-ferries.fr. See p. 439 for more information on travelling to Saint-Pierre et Miquelon.

The last stop is Frenchman’s Cove on Route 213 where there’s a nine-hole golf course in the provincial park. Hiking trails from here to nearby Garnish and Grand Beach cross beaches that are a great place to see the light over Fortune Bay.

**Fortune Bay Adventure**

From Bay L’Argent on Route 212 you can catch a coastal boat west to the isolated village of Rencontre East, and on to Pool’s Cove on the island’s south coast (Route 362). The round trip makes an excellent one-day excursion.

*The kilometre reference for each trail is one-way, including all side roads.*
IN SEARCH OF PUFFINS

by Julie Sheffield
We visited Bonavista Peninsula in mid-June, 2013. When planning our trip, we made a list of things we hoped to do on our week-long visit, including spotting an iceberg, hiking, and seeing puffins. On the drive from Clarenville to Bonavista, we checked off seeing icebergs as we saw several as we travelled along the road by the coast.

Cape Bonavista

We visited Cape Bonavista Lighthouse where we saw more icebergs, as well as cows and horses grazing in fields right beside the road. It was amazing to see them pastured right on the coast, with icebergs in the background. Unfortunately, no puffins in that area.

We travelled down a dirt road to Dungeon Provincial Park, which is a natural cave in the rocks where you can watch the waves come in from the ocean. Then it was on to Elliston, which is where we were told we had a good chance to see puffins. We saw root cellars, small dories, and a beautiful Fishermen’s Memorial, but no puffins.

Skerwink Trail

Our research showed a hiking trail about a thirty-minute drive from Bonavista, so we set out to explore the Skerwink Trail. It is a 5.3-km trail that loops from Port Rexton to east Trinity Bay. The trail was well maintained and provided lots of scenic coastal vistas. We saw moose tracks, but no moose (and no puffins). We stopped in Elliston to look for puffins on our way back to Bonavista, but no luck.

Finally, Puffins!

Our last day in Bonavista was windy and rainy. We decided to drive to Elliston one more time, in search of the elusive puffins. We were determined to find them, so continued driving to the small community of Maberly. Lo and behold, we saw a sign saying Puffin Viewing Area. I braved the wind and rain and travelled the wet, grassy path to where I saw an island, covered in puffins! We checked all the boxes for our trip. I would love to return to Newfoundland and Labrador to explore further.

Avalon

For more info call 1-800-563-6353
It’s where the sun rises first, at Cape Spear Lighthouse National Historic Site – the most easterly point in North America. And just a few kilometres away is St. John’s, a vibrant, historic, yet contemporary capital – 500 years young. You’ll find a rainbow of clapboard houses that crowd hilly streets, where there are more artists than anywhere else in the country. And if you’re looking to dance the night away, the infamous George Street is chock-a-block with pubs and restaurants. Overlooking it all is Signal Hill, where in 1901 Marconi received the first wireless transatlantic signal at Cabot Tower.

Outside St. John’s, the landscape is not only scenically stunning, but also full of natural wonders: dazzling icebergs, whales including humpbacks and minkes, migratory seabirds, and roaming caribou.

The Avalon is full of legends, lore, and history. It’s home to Cupids – the oldest English settlement in Canada. And to outports like Placentia, Harbour Grace, and Heart’s Content – a transatlantic telegraph hub before satellites took over. The Avalon is also the Irish heartland, home of the East Coast Trail and, a little further along, Cape St. Mary’s and its famous northern gannet colony.
The Avalon Peninsula, where the sun first rises in North America, is home to one of the oldest and most easterly cities on the continent – St. John’s. Chock-full of whales, seabirds, nightlife, history, and ancient fossils, there’s never a shortage of things to do.

Where City Meets Sea
DAY 1
Today, start by exploring downtown St. John’s with its intricate boutiques, lively bars, and mouth-watering restaurants. Share a bite and have a glass while listening to some toe-tapping tunes. If you’re hoping to take home some local music, Fred’s on Duckworth Street has you covered.

DAY 2
Begin your day at famous Signal Hill – where Marconi received the first transatlantic signal in 1901. Start in The Battery, a charming assortment of colourful homes scattered on the hilly shore. Around every corner you’ll be delighted with magnificent coastlines, far-off lighthouses, and deep blue as far as the eye can see. After, visit The Rooms, the provincial archives, art gallery, and museum. End your day by standing at the most easterly point in North America – Cape Spear Lighthouse National Historic Site.

DAY 3
Head for the high seas and hop on a boat tour – the best way to view the magnificent weaving coastline and to come face-to-fin with a 30-tonne humpback. Keep an eye on land and sky for puffins and other seabirds. Next, it’s on to Quidi Vidi. Take a stroll around this quaint fishing village, nestled on the outskirts of downtown St. John’s. Be sure to stop by the Qudi
Vidi Plantation to see emerging artisans at work, then relax by taking in a tour and beer tasting at Quidi Vidi Brewery.

Driving the Irish Loop
DAY 4
The Irish Loop, named for the area’s dominant ancestry, starts in St. John’s and heads south on Route 10 right into the heart of Irish Newfoundland. This scenic and historic drive travels through quaint outports, alongside roaring shorelines, and provides many opportunities to sail out to sea in search of whales, seabirds, and icebergs. Try a boat tour to the Witless Bay Ecological Reserve where you’ll see chatty puffins nesting on the rocky coast, and where humpback and minke whales are the favourite regulars.

Visit the Colony of Avalon in Ferryland—founded by Lord Baltimore. Here, an ongoing archaeological dig is uncovering the remains of the 1621 English colony. Next, experience a picnic like never before at Lighthouse Picnics, reached via a 20-minute walk across the Gaze. Recline on a soft blanket beneath a gorgeous lighthouse on the mildly craggy coast and enjoy a superb fresh lunch and a refreshing jar of lemonade. Retire to your warm and comfortable accommodations in Ferryland or Trepassey.

DAY 5
Start today by visiting Cape Race, where the Marconi station picked up and retransmitted the distress signal from RMS Titanic in 1912. See how the station—350 miles from the tragedy—played an important role in the rescue of the survivors, and discover the story of 14-year-old Jimmy Myrick, the first person to hear Titanic’s distress signal.
Next, examine some of the oldest fossils on Earth at Mistaken Point Ecological Reserve, the province’s fourth and newest UNESCO World Heritage Site. Register for a guided tour at the Edge of Avalon Interpretation Centre in Portugal Cove South to learn about what scientists call Ediacara biota – creatures that lived 575 million years ago, when all life was in the sea.

Now it’s on to Salmonier Nature Park – an environmental education, wildlife rehabilitation, and research centre. Stroll along the boardwalk that winds between the species-sensitive enclosures and get an up-close look at local animals that have been given a second chance thanks to the park.

**DAY 6**

For a complete change of pace, drive to Portugal Cove and take the 20-minute ferry ride to Bell Island – the largest of several islands in Conception Bay. Drive around the island, taking in the golden fields, fascinating rock formations, and beautiful beaches. Then take a guided tour of the old iron ore mine and get a first-hand look at the mining life. Drive back to St. John’s for a good night’s rest, or make accommodation arrangements on the island.

**History, Heritage, and Seabirds**

**DAY 7**

Drive to Brigus and take some time to walk around and admire the quaint homes and gorgeous shoreline. Stop by the house of Captain Bob Bartlett. Born and raised in Brigus, this brave man went on to lead some of the most famous and dangerous exploratory expeditions to the Arctic in the early 1900s. At nearby Cupids, John Guy established the first English colony in Canada in 1610. Drop by the Cupids Legacy Centre to learn about these brave souls. The centre offers an extensive range of cultural programs throughout the summer.

Nearby is the John Guy Flag Site and probably the biggest Union Jack you’ll ever see, celebrating the town’s British heritage. Next it’s a visit to Harbour Grace – a delight to both aviation and history buffs. Amelia Earhart’s successful 1932 solo flight took off from here.

Now it’s time to frolic in the sand. The heart-shaped beach of Salmon Cove offers 500 metres of fine grey sand surrounded by imposing cliffs. A 2-kilometre hiking trail and warm water river offer activities for the whole family. At Bay de Verde, the shallow harbour glows aquamarine, hence its name. The Heritage Premises here offers a glimpse into the history of
this famous fishing town, plus a display on seabirds that nest at the protected ecological reserve on Baccalieu Island.

**DAY 8**

Turn southwest and drive along the south shore of exquisite Trinity Bay. Don’t leave without witnessing the handcrafted wooden boats the region is famed for. Stop by the Wooden Boat Museum in Winterton where this timeless craft is kept alive, and skills are still passed down from generation to generation by word of mouth.

Everything changed in July 1866, when the first permanent telegraph cable connecting Europe and North America was hauled ashore at Heart’s Content. Heart’s Content Cable Station Provincial Historic Site tells a communications story of global significance and is a must-see while in the area.

Next, explore the waterfalls at Cataracts Provincial Park. Here the river enters a steep gorge, so take the stairs and walkways to get the best view. A great spot for photographs.

**DAY 9**

French explorer Jacques Cartier arrived in 1534 and eventually the French established a colony in Placentia in 1662. Visit this National Historic Site and witness the historical significance of the French fort ruins.

The last item on the menu is a real treat: Cape St. Mary’s Ecological Reserve, the most accessible seabird colony in North America. A wonderland for birdwatchers and explorers alike, you’ll gaze upon thousands of northern gannets nesting atop a 200-foot-high sea stack, and smaller numbers of razorbills, common murres, and black-legged kittiwakes nesting on shallow cliff ledges.
Best kept secrets

Romancing the Avalon.

A spirit of romance is inescapable throughout the Avalon Peninsula. You can find it in the harbours and bays, along the rolling hills, and even in its town names.

In Green’s Harbour on Trinity Bay, The Doctor’s House is the perfect romantic hideaway for first-class pampering and breathtaking sunsets. A stunning resort and spa set on 100 acres, The Doctor’s House and new Secret Garden restaurant will set the stage for an unforgettable getaway.

On the southern Avalon – home to seabirds, fossils, and migratory whales – the Claddagh Inn watches over St. Mary’s Bay. Offering the serene comfort of a 4.5-star Inn with 6 ensuite rooms, an efficiency unit, and a private Irish guest pub, this is the perfect stay for travellers and hikers exploring the rural reaches of the Avalon.

Celebrate the iconic wooden boats of the province at the Wooden Boat Museum of Newfoundland and Labrador. The exhibits, storytellers, and workshops will show you the secrets of the trade, and perhaps inspire your own sense of creativity.

Avalonia’s geological mysteries.

Travel back over 500 million years to discover the hidden mysteries of Avalonia—an ancient continent that was the source of some of the oldest rocks and fossils on the planet. Discover stories of volcanoes, earthquakes, glaciers, and natural forces which formed unique geological wonders only found here.

Find the world’s oldest-known muscular animal, an extinct marine arthropod, and get up-close-and-personal with a 500-million-year-old trilobite fossil. Explore a former mine site with iron-rich rock layers that date back more than 450 million years. Take a guided tour of Mistaken Point Ecological Reserve, a UNESCO World Heritage Site, to witness fossil specimens that illustrate the earliest stages of biological complexity on our planet, and provide evidence of the early colonization of the deep-sea floor.

Avalon road trips

**Osprey Trail**
The sea hawks are here for the capelin, everyone else comes for the beach, 28 km one-way.

**Cape Shore**
Visit the most accessible seabird colony in North America and the old French capital, 303 km one-way.

**Baccalieu Coastal Drive**
Where classic outport communities and favourite pirate haunts dot the coastline, 230 km one-way.

**Admiral’s Coast**
For day-trippers from St. John’s, a perfect excursion “around the bay,” 67 km one-way.

**Killick Coast**
For generations it’s been a wonderful place to drop anchor and admire the sea, 55 km one-way.

**St. John’s & Environs**
One of the oldest cities in North America, and a centre of culture, history, and entertainment.

**Irish Loop**
10,000 whales, a million seabirds, and an endless wealth of Irish heritage, 312 km one-way.
Avalon road trips

The Avalon Peninsula looks like a piece from a jigsaw puzzle, with its deep bays separating long fingers of land. Almost completely surrounded by water, it’s where the first European settlers put down roots. It’s full of history and home to the provincial capital, St. John’s, North America’s oldest city, which has a well-deserved reputation for food, music, and good times. The region – which National Geographic calls a top coastal destination – is full of great places to see whales and seabirds, go sea kayaking or hiking, or enjoy sightseeing in centuries-old outports.

Osprey Trail
28 km As its name suggests, this is a good place to see these famous fish hawks. From Route 1, take Route 201 and drive along the southern coast of Trinity Bay. This is a popular summer cottage area, and there’s a park with a sandy beach at Bellevue Beach.

Cape Shore
303 km Take Route 100 from Route 1 to Placentia. Here at the Castle Hill National Historic Site are the remains of an old French fort. Plaisance, its original name, was the French capital of Newfoundland in the 17th and 18th centuries when the French and English battled for military dominance in North America. There’s a fantastic view of the town of Placentia, the waters, and wooded hills.

Just past St. Bride’s, about an hour from Placentia, follow the signs to Cape St. Mary’s Ecological Reserve, the most accessible and spectacular seabird colony in North America. Here, just 50 feet from the clifftop viewing point, nest thousands of northern gannets – beautiful birds with a wingspan of over six feet – crowded atop a 200-foot-high sea stack called Bird Rock.

Razorbills, murres, and other seabirds also nest at the reserve. If you have a question, ask one of the interpretive guides, who also lead nature hikes, or drop into the interpretation centre, which hosts concerts throughout the summer.

Salmonier Nature Park, on Route 90, is home to about 20 species of native mammals and birds that live in sensitive enclosures designed to be as natural as possible. The park’s trail is entirely boardwalked and accessible.

Baccalieu Coastal Drive
230 km The Baccalieu Coastal Drive traces the long finger of the Avalon Peninsula between Trinity and Conception Bays. Western access is from Route 80 near Whitbourne on Route 1.

In the late 19th century, Dildo was the site of an early fish hatchery and later, a whaling port. The Cable Station in Heart's Content, once a major relay point for transatlantic telegraph messages, is now a Provincial Historic Site, complete with much of the original equipment. The first successful transatlantic cable landed here in 1866.

At Winterton the Boat Building Museum will give you a chance to roll up your sleeves and learn how to build...
a traditional dory or punt, and learn about these vital components of our marine history.

At Old Perlican, Route 80 merges into Route 70. The tip of the peninsula at Grates Cove has a rather unusual National Historic Site – hundreds of rock walls built by farmers to keep roaming animals off their fields. Up here, you’ll also find the Baccalieu Island Ecological Reserve. Three million pairs of Leach’s storm petrels nest here, which is why the foxes look so healthy. An interpretive display on the reserve can be found in nearby Bay de Verde.

Carbonear is pirate country, but it’s a romantic piracy. An Irish princess captured by pirate Peter Easton settled near here with one of Easton’s crew, Gilbert Pike, and lived happily ever after. Easton went on to infamy and fortune, while Princess Sheila NaGeira has inspired books, songs, and a stage production. The site of Easton’s old pirate fort is now a museum in Harbour Grace.

Harbour Grace played a role in pioneering aviation: it was from here that Amelia Earhart set out on her solo flight across the Atlantic in 1932. Though devastated by fire several times, the town still retains a wonderful inventory of historic buildings.

In Bay Roberts, drop by the Cable Building, a National Historic Site which houses the Road to Yesterday Museum and the Christopher Pratt Art Gallery. Then take a leisurely stroll along the shoreline through the original settlement’s meadows to Mad Rock on the Shoreline Heritage Walk and watch the sea crash against the craggy coast.

The first official English colony in Canada was founded at Cupids by John Guy in 1610, and the site is now being excavated. See the artifacts and exhibits at the new Legacy Centre.

Brigus was the birthplace of Captain Bob Bartlett, the ice pilot who guided Robert Peary to within striking distance of the North Pole in 1909. His home, Hawthorne Cottage, is now a National Historic Site, and the town retains much of its 19th-century character.

Admiral’s Coast
67 km The Admiral’s Coast follows Route 60 along the western and southern shores of Conception Bay from Colliers to Conception Bay South and Paradise. It’s a mix of rural and urban, with the suburbs of the capital city giving way to small towns and a more traditional way of life.

Conception Bay South is a collection of shoreline communities, from Seal Cove to Topsail. Kelligrews will be forever associated with the song Kelligrews Soirée, also the name of the annual folk festival held in early July. There’s a marina in Foxtrap and a day-use park at popular Topsail Beach. Conception Bay is a good scuba diving area, especially around the ore carriers that were sunk by U-boats just off Bell Island during World War II.

Ocean Quest Adventures in Long Pond should be a first stop for divers interested in exploring the wrecks. Boat tour operators are available for anyone who’d like to whale watch, fish for cod, or kayak into a sea cave.
There's a famous fossil bed and walking trail at Manuels River, and just past Topsail is the town of Paradise, where you'll find more walking trails around several ponds.

**Killick Coast**

55 km The Killick Coast extends east from Topsail along the south shore of Conception Bay to Cape St. Francis, and ends just outside St. John's. Travel to Portugal Cove via Route 50 or Route 40. From here, take a 20-minute ferry ride to Bell Island where you can tour the former submarine iron mines, the lighthouse perched on a cliff, and see large outdoor murals inspired by the island’s history.

From Portugal Cove, take Route 21 through Bauline to Pouch Cove (pronounced “pooch”) on Route 20. This is good berry picking country, especially on the gravel road to Cape St. Francis.

The scenery along this coast is spectacular. Flatrock, Middle Cove, and Logy Bay are settled enclaves along a rugged shore, and around each bend in the road is another view of the coast that seems even better than the last.

Torbay is another rapidly growing town just outside St. John’s. Drive to the beach and take the Father Troy Trail along the shore, passing fields of farm animals and wildflowers. When it's stormy, you can feel the power of the ocean pound against the rocks.

At Logy Bay, the Ocean Science Centre welcomes visitors to its seal tanks. Then it’s back to St. John’s just a few minutes away.

**St. John’s and Environs**

St. John’s, our province’s capital, is the perfect combination of big-city luxury and traditional small-town charm. It is the oldest city in North America, and has become a rare destination full of character and charisma, with a contemporary, sophisticated edge.

Downtown St. John’s is home to a working port, years of history, dozens of award-winning restaurants, and the bright houses of Jellybean Row. An active arts community and energetic music scene ensure the city’s oldest streets are busy well into the night.

Cabot Tower, at Signal Hill National Historic Site, overlooks the city and harbour. It is here where Marconi received the first transatlantic radio signal, ushering in the modern world of telecommunications.

Visit The Battery, where tiny wooden homes still cling valiantly to cliffsides ravaged by ocean waves. Wander the twisting, colourful, tree-lined streets on your way to visiting The Rooms, the provincial art gallery, The Commissariat and Lieutenant Governor’s residence, or one of the many churches.

Walk around Quidi Vidi Village at the eastern edge of St. John’s and sample craft beer at the Quidi Vidi Brewery or check out up-and-coming artisans at the Plantation.

Rise early to catch the sunrise at Cape Spear Lighthouse, another of our many National Historic Sites. This is the first sunrise in North America, at the most easterly point of land on the continent. You can also join the East Coast Trail here for a hike. Continue on to Petty Harbour for some sightseeing.

310 | For more info call 1-800-563-6353
Head to Torbay, Flatrock, and beyond to marvel at the breathtaking coastline and the mighty Atlantic Ocean. If it’s the right time of year, join the locals and watch the capelin roll in at Middle Cove Beach.

**Irish Loop**

**312 km** South of St. John’s, Route 10 takes you to the whale and seabird tours that operate in the Witless Bay Ecological Reserve, with boats leaving from Bay Bulls, Witless Bay, and Mobile. Thousands of humpback and minke whales stop by to feed, and the plentiful food has attracted millions and millions of seabirds to the reserve’s four islands. Most years, 10,000-year-old icebergs drift past, making for an incredible natural triple treat found nowhere else.

Long before the modern era brought cars into common use, people often travelled between communities along coastal trails. That history inspired development of the East Coast Trail from Cape St. Francis to Cappahayden. The trail offers a range of wilderness hiking and walking paths from easy to strenuous. Hike past geographical wonders such as towering cliffs, fjords, sea stacks, rock arches, and even a wave-driven freshwater geyser called The Spout. Headlands offer spectacular views of our coastline and wildlife.

Ferryland is one of the oldest European settlements in North America. The Colony of Avalon, as it was named, was founded in the 1620s by Lord Baltimore, whose family later founded the American colony of Maryland. Peer over the shoulders of working archaeologists as they uncover the foundations of houses and a cobblestone street built in the 17th century. The town’s famous lighthouse is home to Lighthouse Picnics, who will provide you with a delicious picnic of homemade delicacies and fresh lemonade. Sit in the grass and watch for whales, seabirds, and icebergs to pass by.

Cape Race was one of the first points of land in the New World observed by westward-bound sailors, and it was a treacherous one, taking literally hundreds of ships to their doom. A lighthouse was built there in 1856 and tended by the Myrick family from 1874 onwards. The nearby wireless station received and transmitted the distress signal from *RMS Titanic* in 1912.

The UNESCO World Heritage Site at Mistaken Point showcases rare fossils from 575 million years ago that show the earliest forms of deep-sea life on the planet. The visitor centre in Portugal Cove South has displays on all three attractions.

In 1928, Amelia Earhart became the first woman to fly the Atlantic as a passenger when she took off from Trepassey.

Route 10 becomes Route 90 at Holyrood Pond as the Irish Loop continues north to Route 1 along Salmonier Line. Watch for whales along the shore near St. Vincent’s. Stop by the Salmonier Nature Park, where injured native animals are rehabilitated, after which some stay to make it their permanent home.

*The kilometre reference for each trail is one-way, including all side roads.*
The Spirit Of The Rock

Led by my cousin Wendy and her husband Dennis (Botwood-born), my husband Vince and I enter Newfoundland with tourist expectations. We leave with the spirit of the Rock inside us. From every window of our car, a panorama of beauty captures us. Rocky cliffs ring the roads. Trees like old green fences bend in the direction of the wind. Houses of all different colours blend into the landscape with artistic freedom. Blankets of lupin, daisies, buttercups, roses and clover sweetly scent the air.

Witless Bay

One particular day on our journey, we arrive at the Witless Bay Ecological Reserve for our boat adventure. The sun is warm and the wind refreshing. As we head out to sea, the waves are high and the ship plows up and then down again, a swing and a dip. Our Gatherall’s hosts are funny, as well as talented singers and tour guides.

Puffins And Whales

Puffins here are as numerous as the murres and seagulls. They flap their small wings furiously to combat the wind and propel their chubby little bodies. They are beautiful, with their orange beaks and feet. We then roller-coaster further out to sea and suddenly, we are surrounded by whales. Spouts everywhere. Captain Al says there are about 50 in the area. The humpbacks are the most playful. With a swish and a loud puff of water, two female humpbacks swim alongside our ship.

Alas, All Good Things Must Come To An End...

We have to head home tomorrow. “I trust we had a wonderful trip, saw some amazing sights, learned a few things, had a lot of laughs, met some interesting people and strengthened our friendships. Travel is about creating memories. I hope we have managed to create a lot of lasting, treasured memories over the last few days.” So reads Wendy’s travel book. Her hopes have more than come true. End of this wondrous journey. But how many times have I said the words “next time we visit”? Countless!

Nope, it’s not a new volcano in Iceland, but it is an important piece of travel information.

In a confusing coincidence, there are two similar-sounding cities in Atlantic Canada. When you are booking your flight, car rental, and any accommodations, make sure that you are booking for St. John’s, Newfoundland & Labrador (YYT), or one of the other airports in the province.

St. John’s (YYT) • Gander (YQX) • Deer Lake (YDF) • Wabush (YWK) • Happy Valley-Goose Bay (YYR) • Stephenville (YJT) • St. Anthony (YAY)
Geological history, extensive trail networks (including the start of the East Coast Trail), docking facilities for visiting boats, and ocean excursions.

Sample the bouquet of old St. John's

Surround yourself with the cool quiet of stone walls infused with the bouquet of old St. John’s. The Newman Wine Vaults tell the amazing story of a 300-year connection between sunny Portugal and wine aged in the chilly climate of Newfoundland. Step into the cool dark and see what stories you will find.

Labrador
Labrador, known as The Big Land, is one of the last untamed, unspoiled places left on Earth. It stretches from the Strait of Belle Isle in the south to Cape Chidley in the far north, boasting towering mountains, massive rock faces, and an infinite supply of lakes and rivers. Here, you'll find fresh air, crystal-clear waters teeming with whales and icebergs, and people rooted in culture and tradition.

The Expedition 51° driving route is an epic tour through immense stretches of unspoiled Labrador wilderness. It winds in and out of towns and villages where you can discover the history and culture of a people deeply rooted in tradition.

Torngat Mountains National Park is a mysteriously beautiful landscape reminiscent of the Earth a million years ago. This is where outdoor aficionados can indulge their passion with 9,700 square kilometres to hike, canoe, photograph, snowmobile, and cross-country ski.

Abundant in wildlife, Labrador is home to some of the best angling on the planet. Trophy-sized brook trout, Arctic char, ouananiche, and northern pike are regular sights. Local tour operators can help you find a great spot, and serious anglers can visit AnglingNewfoundlandLabrador.com for more extensive excursions. Under a blanket of magical northern lights, the winter months bring with them the hum of a thousand snowmobiles carving through the untouched wilderness. And the quieter winter pursuits like cross-country and downhill skiing, ice fishing, and winter camping are always good for the body and soul.
Torngat Mountains National Park, known by the Inuit as the place of spirits, will transfix you with its towering mountains, vast fjords, flowing rivers, and Indigenous ancestry. Visit Happy Valley-Goose Bay—a town founded from a World War II airbase. A trip to Battle Harbour on the south coast is an absolute must. Here, you'll immerse yourself in the traditional ways of the past, surrounded by the roaring ocean and awe-inspiring coastline. Saturated in history and culture, Red Bay is the essence of Labrador coastal living.

Covering Untouched Ground

DAY 1

Starting in St. Barbe, catch the afternoon ferry to Blanc Sablon. Watch for soaring and swooping seabirds. Drive five kilometres to L'Anse-au-Clair—settled by the French in the early 1700s when they first came to this region to fish and hunt whales and seals. Walk along the Jersey Trail, a path tracing the rugged shoreline, scattered with interpretive plaques. Stop by the Gateway to Labrador Visitor Centre to view artifacts and get information. Then head to the soft, sandy beach and stretch out on a blanket.

DAY 2

Before heading north, pick up a free satellite phone at the Northern Light Inn located in L’Anse-au-Clair to make sure your scenic drive is a safe one. L’Anse-Amour is where you'll find the oldest-known burial monument in North America, dating back 7,500 years. Just down the road, Point Amour has the tallest lighthouse in Atlantic Canada, standing a whopping 109 feet. As you climb the steps, a guide will shed some light on the historical significance of this massive structure. Red Bay National Historic Site has intriguing displays and
artifacts from the 1530s to the 1620s depicting Basque whaling operations. Learn about the hardship, exploitation, and profit associated with whaling, then view the preserved 16th-century chalupa—a small boat from which they hunted. In 2013, Red Bay was declared a UNESCO World Heritage Site.

**DAY 3**

In Mary’s Harbour, catch the morning boat to Battle Harbour for an excursion to a picturesque fishing village established in the 1750s. This island community is a back-in-time adventure where you can escape the electronic distractions of modern life.

Take a guided tour of the 18th-century buildings and discover why this National Historic Site and District is the best-preserved traditional fishing village in the province. Explore the island and spend the night in a one-of-a-kind accommodation.

**DAY 4**

In the morning, catch the boat back to Mary’s Harbour and drive to St. Lewis to search for icebergs, and then to Port Hope Simpson where you can go hiking or fishing. There are some excellent trails in this area, and you can enjoy fishing for Atlantic salmon on pristine rivers. Spend the night at the hotel.

**DAY 5**

Set out for adventure in Cartwright on the doorstep of the Wunderstrands, a 50-kilometre sandy beach named by the Vikings when they sailed past it 1,000 years ago. Make advance reservations with Experience Labrador, which offers a range of kayak, boat, and hiking tours.
DAY 6
Today’s drive skirts the Mealy Mountains that dramatically rise from the shores of Lake Melville in southeastern Labrador. This is the site of the new Akami-Uapishk-KakKasuak-Mealy Mountains National Park Reserve, which will open to the public in a few years. End the drive in Happy Valley-Goose Bay. Have a late lunch at a local dining spot before visiting the Labrador Interpretation Centre and the Labrador Heritage Museum in North West River, which is made to look like an old general store.

DAY 7
Happy Valley-Goose Bay is a great place to get out into nature. The Birch Brook Nordic Ski Club offers hiking in summer and winter, and cross-country skiing in winter. If you’re an aviation connoisseur, be sure to check out the American T-Bird T33 on Hamilton River Road, the Vulcan RAF bomber at the airport, and the CF 101 Voodoo in front of the 5 Wing Goose Bay Aerodrome.

DAY 8
The highway west of Happy Valley-Goose Bay is paved all the way to western Labrador. You’ll pass through Churchill Falls where one of the world’s largest hydroelectric stations has been operating since the 1970s. At the end of the road are the towns of Labrador City and Wabush. Both were once mining towns, but today only the Labrador City open-pit mine remains in operation.

Exploring the North Coast
DAY 1
Happy Valley-Goose Bay is the homeport for the coastal steamer service along the rugged north coast. The coastal boat leaves at midday on Mondays. The first port is Rigolet, a community with a long and continuous history of fur trapping and fishing. While here, be sure to check out the boardwalk. At over eight kilometres, it’s one of the longest in the world.
DAY 2
The boat reaches Makkovik in the morning. Drop by the craft centre, and then the White Elephant Museum to see everything from antique pocket watches to traditional Inuit hunting tools.

At noon, the boat stops in Postville, where you can take in the quiet awe of a remote lumber and fishing village. The last stop is in Hopedale where the old Moravian mission is now a National Historic Site.

DAY 3
Stopping in Natuashish in the early morning, visit this friendly Innu community that descends from a long line of caribou hunters. Just after noon, the boat arrives in Nain, the northernmost permanent settlement along the coast and the final destination. The headquarters for Torngat Mountains National Park is here, but the park itself is 200 kilometres further north.

DAYS 4 & 5
Heading back on the coastal boat, you’ll revisit the same ports in reverse order and explore any attractions you may have missed on the way there. The boat arrives in Happy Valley-Goose Bay mid-afternoon on Fridays.

Torngat Mountains National Park
Accessible via plane from Happy Valley-Goose Bay, this National Park is truly astonishing. Located at the northern tip of Labrador, you’ll find a vast untouched wilderness, where the Inuit have lived for thousands of years. Their deep connection with this mysterious land informs the park’s management and programming. Experience hiking, camping, fishing, mountain climbing, and helicopter touring in a place you have to see to believe. For more information, visit torngatbasecamp.com

Stand still. The horizon has never been this quiet. The depths of the Grand Canyon are painted with people and even Alaska feels overpopulated. Labrador is the only place left where you can have this much space to yourself.

Surrounded by echoes of the past, journey along the Labrador Straits. Enjoy the thrill of adventure looking for icebergs and whales during a hike along the Pioneer Footpath. The view is eternal as you climb Atlantic Canada’s tallest lighthouse at the Point Amour Provincial Historic Site. Silence is broken as you hear the riveting story of “first oil” at the 16th-century Red Bay Basque Whaling Station, a UNESCO World Heritage Site.

Take a boat tour in Iceberg Alley from Mary’s Harbour and retreat to the wild nature and historic buildings at one of the most restorative, off-the-grid retreats in North America—Battle Harbour National Historic District. Catch the rhythm of local traditions, generations in the making. With 9,000 years of mystery beneath each step, you’ll retrace the lives of the people that call this place home.

Labrador road trips

The trip across Labrador, The Big Land, is a trip through an untamed and unspoiled environment that will remind you of how wild the world once was. It will take you past the mining centres of Labrador City and Wabush, through the hub of Happy Valley-Goose Bay, and eventually along the unforgettable and historic southern coast. Labrador is the historic home of the Innu and Inuit, and was visited by Vikings, Basque whalers, and European fishermen. A land of rich wildlife and an enduring people, you cannot visit this inspiring region without being forever changed.

Expedition 51°: West

The Expedition 51° route begins in Baie Comeau, Québec and follows Routes 389, 500, and 510 for 1,700 kilometres through Labrador before ending in Blanc Sablon. From there, a vehicle ferry can transport you to the island portion of the province. To learn more about the Québec portion of this route, visit tourismecote-nord.com/expedition51

532 km Labrador west is an iron-ore mining centre. Labrador City and Wabush were built in the 1950s near one of the world’s largest iron-ore deposits. It’s estimated that there is enough ore here to last more than a century.

The sport fishing in Labrador west—the best in the world. You can also golf, hike, and ski, but the big winter activity is snowmobiling.

The only town along this stretch of highway east to the Lake Melville area is Churchill Falls, site of one of the world’s largest underground hydroelectric generating stations. Here, the Churchill River drops more than 300 metres along a 32-kilometre stretch, making it an ideal location for the power plant built in the 1960s.

These latitudes are excellent for viewing the northern lights, or aurora borealis. On clear nights—especially during times of major sunspot activity—the sky is alive with colourful shapes.

Expedition 51°: Central

42 km Happy Valley-Goose Bay is the main service town for central and northern Labrador, and the main departure point for bush flights inland. There are dozens of remote lodges where anglers and hunters can pursue their quarry, and most can only be reached by air (for more information on angling and hunting, call 800-563-6353 or visit AnglingNewfoundlandLabrador.com or HuntingNewfoundlandLabrador.com).

The town’s development has been closely tied to the military. During World War II, it was an important
stop for fighters and bombers on the transatlantic delivery route to England. In recent times, the airbase was a training centre for NATO. Drive around town and you’ll see vintage aircraft parked at strategic viewing locations.

Drop by the Labrador Heritage Museum in North West River to see the re-creation of a traditional Labrador general store, displays on the Hudson Bay Company, and hunting and trapping traditions. Nearby is the Labrador Interpretation Centre, which focuses on Indigenous and settler cultures.

**Expedition 51°: South**

**612 km** The first stop along this section of Expedition 51° is Cartwright. It’s a half-day drive to the junction with Route 516, and the road is paved for the first 100 kilometres. From there it’s a short detour to the northeast. Upon arrival, meet the locals and explore the community.

Check out Flagstaff Hill and take a quick boat ride to a 50-kilometre-long beach dubbed the Wunderstrands by the Vikings 1,000 years ago. Nearby, the Akami-Uapishkú-KakKasuak-Mealy Mountains National Park Reserve was established in 2017 – the reserve is the first step in creating a new National Park to protect and honour this striking landscape of mountain tundra, marine coasts, and boreal forests.

Return to Route 510 (which is fully paved from here south) and travel on to Mary’s Harbour, where you can catch the ferry to Battle Harbour – a picturesque fishing port established in the 1750s. This village is frozen in time, with virtually no signs of modern life, and you can overnight in a one-of-a-kind inn. Tour the late 18th-century buildings and the surrounding area; this National Historic Site and District is the best-preserved traditional fishing village in the province. If it’s a clear evening, look for the incredible northern lights, which are visible in Labrador about 240 nights a year.

The route continues to Red Bay, a UNESCO World Heritage Site, which tells the intriguing story of 16th-century Basque whalers. They built the first major industrial complex in the New World here, and hunted whales for rendering into oil to light the lamps of Europe. The Basques left in the early 1600s, and were forgotten until researcher Selma Barkham found their records in Spanish archives.

During the excavation of the site, underwater archaeologists from Parks Canada found a wreck, believed to be the *San Juan*, which sank here with a full cargo of oil in 1565. The interpretation centre contains the preserved remnants of a chalupa, or shallop, the small boat whalers used for hunting, which was retrieved from under the wreck and painstakingly restored.

The remnants of the tryworks and other facilities are a two-minute boat ride away on Saddle Island. The remains of 130 men who perished here, and the red roof tiles that covered their dwellings, populate this beautiful, historic landscape.
Further along is L’Anse-Amour National Historic Site, where you will find the oldest known burial monument in North America. Archaeologists have discovered campsites of the Maritime Archaic people along the coast, as well as those of Palaeo-Eskimo and later Indigenous groups.

The restored church that serves as the gateway to the Labrador Visitor Centre has displays on the history and heritage of the area, and information on what to see and do. Just a few steps away, you can take a stroll on a beautiful sandy beach.

Point Amour, only a few kilometres from the southern border with Québec, boasts the tallest lighthouse in Atlantic Canada. Built in 1855, it rises 109 feet to aid navigation through the sometimes treacherous Strait of Belle Isle between Labrador and the island of Newfoundland. An interpreter will guide you up the steps and ladders to the top for a magnificent view. Its lower floor displays are both imaginative and informative.

This road trip finishes up by passing through L’Anse-au-Clair, settled by the French in the early 1700s. Nearby, the Jersey Trail leads to an interpretation area on Jerseymen from the Channel Islands who fished here in the 17th century. This trail is also the start of the Labrador Pioneer Footpath that winds north along the coast to Pinware. Along the Forteau and Pinware Rivers during the months of July and August, trout and salmon anglers should be prepared to meet their match on the many pools, steadies, and rattles.

Continue on to the ferry terminal in Blanc Sablon, Québec. Enjoy the ferry ride across the Strait of Belle Isle to St. Barbe – a great way to see whales and seabirds. This service runs from spring thaw to late-fall freeze-up.

North Coast

Happy Valley-Goose Bay is the jumping-off point for the coastal boat service to northern Labrador. As the boat heads east on Lake Melville for several hours, the Mealy Mountains, where a protected caribou herd roams, rise along the lake’s wooded south shore. This may have been the place the Vikings called Markland. The first port is Rigolet. The town has a long history of fur trapping that continues today. It is also well known for the production of traditional crafts made from a special grass that grows in the area. After a short stop here, the boat heads east through Hamilton Inlet and turns north for the remote communities along the coast.

Most communities along the north coast are now part of Nunatsiavut, the Labrador Inuit territory. The ancestors of northern Labrador’s mainly Indigenous residents hunted and fished here for thousands of years before the Europeans arrived, moving with the seasons from camp to camp, following the caribou herds and living off the land.
Things began to change when the Moravian missionaries arrived in the 1770s. This Germany-based sect brought Christianity to the Inuit by establishing a series of mission stations along the coast between 1771 and 1905. Three of the stations are now abandoned and one, Okak, was all but wiped out by the deadly influenza epidemic that spread across the globe in 1918–1919. The disease killed one-third of the Inuit along the coast. Today, the Moravians remain in Labrador, though their influence is much diminished. Their mission at Hopedale, established in 1782, is a National Historic Site.

Makkovik was first settled in the early 19th century and eventually attracted a Moravian mission. Postville was founded as a trading post known as Kaipokok in 1843. Here, the Dorset people lived 4,000 years ago. Hopedale, as mentioned, was founded in the late 1700s. Natuashish, the province’s newest community, is home to the Innu, who moved there from a nearby island in 2002. The most northerly inhabited community is Nain, near a rich nickel deposit at Voisey’s Bay that is now being mined.

Nain is the headquarters of Torngat Mountains National Park. Here, the treeless tundra attracts naturalists and explorers alike. See the Attractions listings in the Labrador section of this guide for more information on getting to the park.

A DREAM AT BATTLE HARBOUR

by Natalie Lucier
“The deep groaning sound and vibration shook my entire being and brought me to a place where time stood still and nothing else mattered. I was at one with the whale while it circled the cove again and again. In that very moment something inside of me changed forever.”

My First Whales

The first time I encountered whales up close was in Battle Harbour, Labrador in July of 2009. The whales were feeding very close to the cove. The humpback whales were lunge feeding on Capelin. They made groans deeper than any bass sound I have ever heard and it echoed through the cove from deep within their belly. One particular whale kept coming right up to the edge of the rocks where I knelt down close enough that I could have reached out and touched it if I wanted to. I was watching and listening to this whale as a large iceberg bobbed in the background. The moment was surreal; I had never seen anything as raw and as beautiful as this.

Capturing Memories

The salty sea air, the wind, the waves, the whales, and the icebergs captivated me for hours. While listening and watching, I remembered that I had a camera in my hands and I snapped a few photos. My friend who had joined me on the weekend excursion took my video camera and also filmed some video. I made a YouTube video with the photos and video captured from my encounter, which, days later, was featured on the CBC National News with Peter Mansbridge.

Like a Dream

The humpback whales who had enthralled me had also captivated the imagination and wonders of many other viewers who tuned into the news that night. It was like a dream come true. I would absolutely love to go back and visit the beautiful province of Newfoundland and Labrador.

Head for the edge

You can reach Newfoundland by ferry and air, and you can reach Labrador by ferry, air, railway, and highway. The entry points listed below for each type of access are identified by the coordinates on the Traveller's Map. Port aux Basques (T3), for instance, is where you can reach the year-round ferry from Nova Scotia.

Getting here

Travellers are encouraged to check with individual airlines and ferry services for the most up-to-date information prior to and during travel.

By air

All areas of the province are accessible by air. Convenient flight times and schedules are available to help you make travel plans that meet your needs.

Western Newfoundland is serviced by Deer Lake Airport. From there, you can rent a vehicle or catch a connection to St. Anthony. In the central region, Gander is the best choice, and for the eastern and Avalon regions, fly into St. John's. Labrador is serviced by airports in Happy Valley-Goose Bay and Wabush. Access to southeastern Labrador can be arranged through Blanc Sablon, just across the Québec border.

Airport codes

St. John's (S23) .........................YYT
Gander (M17) ...........................YQX
Deer Lake (L9) .........................YDF
Stephenville (Q5) ......................YJT
St. Anthony (B13) .....................YAY
Blanc Sablon (B9) .....................YBX
Goose Bay (HH9) ......................YYR
Churchill Falls (HH5) .................ZUM
Wabush (JJ2) ............................YWK

Provincial travel times by air

Airports on the island of Newfoundland are within one hour's flying time from St. John's. Airports in Labrador are just two hours away.

By sea
Superferries that carry hundreds of passengers and autos make the approximately seven-hour crossing between North Sydney, Nova Scotia and Port aux Basques (T3) all year round. A 90-minute drive from St. John’s, on Newfoundland’s Avalon Peninsula, will take you to Argentia (U19). From Argentia, a superferry makes the approximately 16-hour voyage to North Sydney from June to September.

A passenger and vehicle ferry operates between Saint-Pierre et Miquelon, and Fortune (V13), just 20 kilometres away. A passenger and freight vessel sails along the north shore of the Gulf of St. Lawrence from Natashquan at the end of Québec, Route 138 to Blanc Sablon (KK12). From there you can either drive along Route 510 in southern Labrador, or take the Strait of Belle Isle ferry to St. Barbe (C10, KK13) on Newfoundland’s west coast, which is 80 minutes away. See page 431 for more information.

Cruising is also a popular way to discover Newfoundland and Labrador. For information on cruise lines and ports of call, please visit www.cruisetheedge.com

By road
Take Québec Route 389 north from Baie-Comeau to the Labrador border where it meets Route 500. This paved road crosses western and central Labrador to Happy Valley-Goose Bay (HH9). Route 510 goes south from here to Cartwright Junction (HH12), and all the way to L’Anse-au-Clair (KK12), just five kilometres from the ferry between Blanc Sablon, Québec, and St. Barbe (KK13)/(C10) on Newfoundland’s northwest coast.

Getting around

By road
All the main highways on the island of Newfoundland are paved. There are only a few short gravel side roads, and these are well-maintained. In Labrador, Route 510 is paved between L’Anse-au-Clair (KK12) and Route 516, and for 100 kilometres east of Happy Valley-Goose Bay (HH9). Route 500 between Happy Valley-Goose Bay (HH9) and Labrador City and Wabush (JJ3) is paved, and connects with Québec Route 389. See the quick reference Distance Chart on page 435 for distances between major population centres. See page 436 for information on winter travel. The Traveller’s Map, which is updated annually, has more extensive details.

By intra-provincial ferry and coastal boat
Communities on islands along the coast are connected by automobile or passenger ferry routes. Remote communities on Newfoundland’s south coast and on the coast of Labrador are connected by coastal boats that carry passengers and freight, but not cars. A seasonal ferry connects St. Barbe (C10, KK13) on Newfoundland’s Viking Trail with Blanc Sablon (B9, KK12) on the Québec-Labrador border where travellers can take Route 510 north to Happy Valley-Goose Bay and then Route 500 to Québec, Route 389.

511 Traveller Information System
NL 511 is a smartphone app, website, and phone number with information on winter driving conditions, construction updates, highway cameras, major incidents, current ferry status updates, and weather information.

Traffic regulations
Drivers must carry a valid driver’s licence, vehicle registration certificate, and proof of liability insurance coverage. Legislation requires that motorists carry lump-sum public liability and property damage insurance of $200,000. In case of an accident involving personal injury, proof of such insurance must be produced within 24 hours or driving privileges could be suspended. The driver and all passengers must wear seat belts. A child weighing less than nine kilograms must be secured in either an infant carrier or a convertible car seat adjusted to the rear-facing position. The driver is responsible for ensuring all passengers under the age of 16 are properly restrained by seat belts. Radar detectors are illegal. The legal standards for impaired driving are .05 milligrams alcohol per litre of blood, or 2 nanograms THC per millilitre of blood. The use of cellphones and other electronic communication devices while driving is illegal. Please use a hands-free attachment when driving.

Inside scoop

Book car rentals and accommodations in advance
It’s always a good idea to make reservations before you travel. You can travel when you want, stay on budget, and avoid lineups during the busy summer season. This is especially true for car rentals and accommodations. Newfoundland and Labrador is becoming a more popular destination, and there is greater demand for these tourist services. By booking your rental car and at least your first and last night’s stay—in addition to your air or ferry arrangements—you can have a worry-free holiday with the flexibility to go where you want, and do what you want.

Time zones
The island of Newfoundland occupies its own time zone. It is half an hour later than Atlantic Standard Time and a full hour and a half later than Eastern Standard Time. Most of Labrador occupies the Atlantic Time Zone, except L’Anse-au-Clair to Black Tickle, which is on Newfoundland Standard Time.

Weather
The island of Newfoundland has a temperate marine climate. Winters are usually mild with an average temperature of zero degrees Celsius. Summer days range from cool to hot with an average temperature of 16 degrees Celsius. Good swimming weather begins at the end of June. The normal annual rainfall is 1,050 mm and the normal snowfall is 300 cm. Labrador winters are much colder than those on the island. While summers are shorter and generally cooler, extremely high temperatures are not uncommon in Labrador.

Winter travel
During the winter, all primary highways are kept open except during or immediately after a severe snowstorm. For information on road conditions, contact these Department of Transportation and Works regional offices:
Western Region.................709-635-4144
Central Region....................709-292-4444
Eastern Region.....................709-466-4122
Avalon Region.....................709-729-7669
Labrador Region..................709-896-7888
Terra Nova National Park .....709-533-2801
gov.nl.ca/tw/roads/home also notes highway construction and slowdowns.

Watch out for moose
There are about 110,000 moose on the island of Newfoundland, and most highways go through good moose habitat. If you see a moose, slow down immediately and prepare to stop. Like all wild animals, moose are unpredictable. Be sure the moose has gone back into the forest before resuming your drive. If you see a vehicle stopped on or near the highway, the driver may have spotted a moose, so be cautious. Avoid driving at night if possible as most moose/vehicle accidents occur between dusk and dawn. If you must drive at night, slow down, scan both sides of the highway with your lights on high beam unless overtaking other traffic, and pay attention to warning signs. A road sign like “Caution, moose next 11 km” means moose cross there frequently.

Bay Bulls
Pets and animals
You can bring your cat or dog to Newfoundland and Labrador without a permit, and they can be moved freely between Newfoundland and Labrador. However, the importation of non-indigenous animals and the movement of Labrador Huskies from Labrador to Newfoundland is restricted. If you have any questions about bringing animals to the province, please contact:

Office of the Chief Veterinary Officer
Forestry and Agrifoods Agency
Animal Health Division
P.O. Box 2006
Corner Brook, NL A2H 6J8
709-729-6879
faa.gov.nl.ca

There are no skunks, poison ivy, or poison oak in the province, and the only snake is the non-venomous Eastern Garter Snake found in Labrador and in a small section of Newfoundland near St. David’s.

Soil and plants
Help protect Canada’s environment and agriculture by preventing the spread of soil-borne diseases. Before leaving Newfoundland and Labrador, make sure you are not travelling with items that may contain soil and are subject to confiscation. Special permits for travelling with restricted items may be obtained from the Canadian Food Inspection Agency. For more information, visit inspection.gc.ca/soil or call 709-772-4424.

Firearms
Firearms are strictly controlled in Canada, and fully automatic weapons are banned. Visitors may bring firearms only for a legitimate purpose, such as hunting or a target shooting competition. For more information, contact the Canadian Firearms Program at 800-731-4000 (Canada and the U.S.) or 506-624-6626 from other countries. For information on hunting, call our information line at 800-563-6353.

Cannabis
The medical and recreational use of cannabis is legal in Newfoundland and Labrador. If you use cannabis, know the health effects, and please do so responsibly. For more information, visit www.gov.nl.ca/cannabis

To buy, possess, or use cannabis you must be 19 or older. There are strict penalties for selling and providing cannabis to those under the legal age. Please check with the owner or manager of your accommodation or campground to find out if cannabis use is permitted in their establishment.
Cannabis is prohibited in motor vehicles, boats, and public spaces. Cannabis can impair your ability to operate vehicles or equipment safely, and driving while impaired is a serious criminal offence. Please remember that it is illegal to take cannabis across the Canadian border, regardless of destination.

Accessibility
Establishments listed as wheelchair accessible meet the minimum requirements set out in the provincial Buildings Accessibility Act and Regulations. These establishments have a main entrance, and where provided, public washrooms are equipped so that individuals in a wheelchair can access them unassisted. Hotels, motels, and B&Bs with the accessibility designation (Accessibility) have a wheelchair accessible room or suite, but there are no guarantees that all of the establishment’s attractions can be accessed by wheelchair users. Some accommodations have a limited number of wheelchair accessible rooms, so reservations should be made. Many establishments not listed as accessible may provide acceptable facilities, depending on individual needs.

Access Advisor
Access Advisor (accessadvisor.weebly.com) is a voluntary program that works to change the way people see, understand, and approach access on a daily basis. All participating locations have been inspected and facilities verified. Please contact the business directly to ensure specific needs can be met.

 Deposits, credit cards, refunds
When you make a reservation, it’s always a good idea to ask the operator about the cancellation of reservations, what credit cards are accepted, and the establishment’s policies on deposit refunds and late arrivals. Some seasonal operators may have a minimum-stay policy in effect. Some operators do not accept credit cards.

Provincial public holidays
Most stores and offices are legally required to close on the following 2021 holidays:

- New Year’s Day – Friday, January 1
- Good Friday – Friday, April 2
- Easter Sunday – Sunday, April 4
- Victoria Day – Monday, May 24
- Canada Day – Thursday, July 1
- Labour Day – Monday, September 6
- Thanksgiving Day – Monday, October 11
- Remembrance Day – Thursday, November 11
- Christmas Day – Saturday, December 25 (observed Monday, December 27)
- Boxing Day – Sunday, December 26

Other traditional holidays include:
- St. Patrick’s Day – Monday, March 15
- St. George’s Day – Monday, April 26
- Discovery Day – Monday, June 21
- Orangemen’s Day – Monday, July 12

On these four holidays, stores are not required to close, but many offices do. The holiday is usually celebrated on the closest Monday to the actual date.
Entering Canada

Passports
At present, American citizens and permanent residents of the United States do not need a passport to visit Canada, but should carry a birth, baptismal, or voter’s certificate, or other documentation establishing their citizenship. Naturalized U.S. citizens should carry evidence of citizenship, such as a naturalization certificate. Re-entry to the U.S. by land or sea requires a passport, passport card, or a trusted traveller card such as a Nexus card, and re-entry by air requires a passport. Visitors from other countries must have valid national passports and visitors from certain countries also require a visa. For a list of visa-exempt countries, go to canadainternational.gc.ca

Customs regulations
You can bring sporting equipment (fishing tackle, cameras, outboard motors, camping equipment, portable boats, hunting rifles, etc.) into Canada by declaring these items to Customs at your point of entry. Carrying a duplicate list that includes descriptions and serial numbers of each item is the quickest way to clear Customs on your return. The Government of Canada maintains a website with links to government services, information, and resources for people planning a visit to our country, including downloadable forms, frequently asked questions, and a currency converter to help you plan your trip. Visit canadainternational.gc.ca

Currency
The Canadian dollar is the currency used in Newfoundland and Labrador, and we strongly advise you to convert your national currency into Canadian dollars before leaving home. Some retailers will accept U.S. dollars, but probably not at the official exchange rate, and they will not accept any other foreign currency. If you bring foreign currency into Canada, please contact any chartered bank for current exchange rates. There is no currency exchange house/kiosk in Newfoundland and Labrador.

Medical services
All visitors to Canada are strongly urged to obtain health insurance before leaving their home country. Canadian hospital and medical services are excellent, but a hospital stay can cost in excess of $500 a day, and an extended stay can be cost-prohibitive. Be sure you are covered. If you are taking medicine prescribed by your doctor, it’s a good idea to bring along a copy of your prescription in case you need to have it renewed by a doctor in Canada.

Visiting Saint-Pierre et Miquelon
Saint-Pierre et Miquelon is a part of France, only 20 kilometres from Fortune, Newfoundland and Labrador. For information on travel and customs regulations, visit their website at www.spm-tourisme.fr

There is ferry service from Fortune to Saint-Pierre et Miquelon (see pages 274, 431), and an airline services Saint-Pierre (page 429). If you wish to visit Saint-Pierre et Miquelon, you have to clear Canadian Customs in Fortune upon your return.

Please note: Insurance law varies from country to country, and as a result your policy may not cover you on European soil. Be sure to confirm coverage with your insurer prior to travel.

The Story Exchange is a canvas for all your Newfoundland and Labrador travel stories. A place to recount your most memorable adventures, showcase your photos, and share some words of wisdom with future travellers to the province. All in the form of a shareable digital book.

**A STORY WORTH TELLING, IS A STORY WORTH SHARING.**

Even if your short story turns into a tall tale, family and friends will want to follow along. It may even encourage them to set off on their very own off-the-beaten-path adventures.

**UPLOAD A PICTURE. IT’LL LAST LONGER.**

On each page of your story, you can upload up to 6 pictures. If a picture is worth a thousand words, then that’s a whole lot of storytelling.

**ADD ‘STORYTELLER’ TO YOUR LIST OF ACHIEVEMENTS.**

Become an official storyteller in a few clicks by authoring a digital book at StoryExchange.com
Reserve your ride early.

There’s a lot to see in this beautiful, big province, and if you’re planning on taking a few road trips to see it all, be sure to book your car rental in advance. That way, you can concentrate on the things that matter when you arrive, like the breathtaking scenery and the fresh coastal air.

Book now, sleep easy.

The last thing you want to worry about while finding yourself off the beaten path is where you’re going to sleep. To avoid disappointment on your trip, make your reservations in advance. The range of accommodations is as varied as the scenery you’ll find across the province, so book before you arrive, and sleep easy while you’re here.
